followed by Scottish Labour Party Debate: Cost of Living

[S6M-03042](#) **Jackie Baillie: Cost of Living**—That the Parliament recognises the pressure being placed on household finances across Scotland due to rising inflation, increasing food and fuel prices, and high energy bills; considers that this will be exacerbated by the increase to National Insurance, the likely hike to the energy price cap in April 2022, and the rises in Scotland to rail fares and water charges, which it calls on the Scottish Government to review and defer; supports the calls for the UK Government to cut VAT on home energy bills for 12 months; endorses proposals to save most households around £200 on bills using that VAT cut and smoothing the costs of supplier failure, as well as to provide extra targeted support to those who need it most, including pensioners and low earners, by expanding and increasing the Warm Home Discount,

giving those households an additional £400 off energy bills, and agrees that this should be paid for by a one-off windfall tax on increased oil and gas profits.

The Presiding Officer has selected the following amendments

S6M-03042.2 Richard Lochhead: Cost of Living—As an amendment to motion S6M-03042 in the name of Jackie Baillie (Cost of Living), leave out from “the rises” to end and insert “notes these are related to reserved powers; supports the Scottish Government’s calls for the UK Government to take urgent action on a package of measures to address home energy bills; welcomes the significant action that the Scottish Government has taken to reduce the cost of living through measures including the introduction of free bus travel to under-22s, the increased water charges reduction scheme discount, the introduction, extension and doubling of the Scottish Child Payment, the more than £2.5 billion invested in support for low-income households, and the increase in free childcare, and agrees that further power in the hands of the Parliament would enable it to address the cost of living, energy prices, and minimum wage levels.”

S6M-03042.1 Liz Smith: Cost of Living—As an amendment to motion S6M-03042 in the name of Jackie Baillie (Cost of Living), leave out from “and defer” to end and insert “; believes that the Scottish Government should deliver a fair settlement to local government to avoid households being hit with council tax increases in April; welcomes UK Government action to increase the Living Wage, raise the Personal Allowance, reduce unemployment and freeze Fuel Duty, and calls on both of Scotland’s governments to take further action to support individuals and families at this difficult time.”

followed by Scottish Labour Party Debate: A People’s ScotRail

S6M-03044 Neil Bibby: A People’s ScotRail—That the Parliament welcomes the return of ScotRail to the public sector; considers the new public sector operator to be critical in securing modal shift and affordable, accessible and reliable rail services for Scotland’s passengers; condemns, therefore, the current plans for ticket office cuts and closures, service reductions, and the recent 3.8% increase in fares, which undermine progress towards net zero, modal shift and service improvement; considers that the new ScotRail, which will be under public ownership, must provide well-staffed, world-class services, and calls on the Scottish Government to rule out compulsory redundancies or any dilution of collective bargaining under the new operator, and further calls on the Scottish Government to reject tickets office cuts and closures and set out a timetable for restoring overall ScotRail services to pre-pandemic levels.

The Presiding Officer has selected the following amendments

S6M-03044.3 Jenny Gilruth: A People’s ScotRail—As an amendment to motion S6M-03044 in the name of Neil Bibby (A People’s ScotRail), leave out from “condemns” to end and insert “notes the vital role that ScotRail staff and workers will play in delivering these new services and thanks them for all that they have done to keep rail services running throughout the COVID-19 pandemic; welcomes that staff will transfer with their current terms and conditions, will benefit from public sector pay policy, and that any pay deals already agreed for 2022-23 will be honoured; further welcomes the investment by the Scottish Government to decarbonise and expand Scotland’s railways, including £1 billion to electrify 441 kilometres of track and improve infrastructure, benefiting more than 35 million passenger journeys across Scotland each year, a record £4.85 billion allocated, including ongoing electrification and decarbonisation, over £9 billion of investment by the Scottish Government since 2007 helping to reconnect 14 communities to the rail network,

with five more to be reconnected in the next three years, and over £555 million to sustain services and jobs throughout the pandemic; laments that the Scottish Labour Party joined with the Scottish Conservative and Unionist Party to vote against a draft Scottish budget for 2022-23, which increased expenditure and investment in Scotland's rail services; welcomes that rail fares in Scotland are still on average 20% lower than across the rest of Great Britain, and that, from May, there will be 150 more rail services than have been running since December 2021, with 25 services being reintroduced following the recent consultation on timetable changes; recognises that there has been widespread public and stakeholder interest in the ScotRail consultation on ticket office availability, but notes that the consultation only closed on 2 February 2022 and responses are therefore still to be reviewed; further notes that the fair fares review will explore what more can be done to ensure that fares across all modes of public transport are equitable and sustainable; agrees that the culture of ScotRail Trains Ltd will be founded on fair work; recognises the key role that a publicly owned and controlled rail service will play in the future to help transform Scotland's economy, to cut emissions from transport, deliver on the climate change targets and create a fairer, greener Scotland, and calls for the full devolution of rail from the UK Parliament, including Network Rail, in order to operate a wholly publicly owned, fully integrated rail network in Scotland."

[S6M-03044.1](#) Graham Simpson: A People's ScotRail—As an amendment to motion S6M-03044 in the name of Neil Bibby (A People's ScotRail), leave out from "welcomes" to end and insert "hopes that the return of ScotRail to the public sector will be a success; calls on the Scottish Government to set out a business and investment plan before the summer; believes that this should remove the threat of service cuts, and set out a route to lower fares and a simpler ticketing system, as well as an apprenticeship scheme; further calls on the Scottish Government to restore its damaged relationship with the rail unions, and calls for ScotRail to bring an end to the emergency timetable and return to normal services."

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
