[S6M-03647](#) Ivan McKee: Subsidy Control Bill (UK Legislation)—That the Parliament notes the legislative consent memorandum lodged by the Scottish Government on 25 October 2021; agrees not to give consent to the Subsidy Control Bill, as recommended in the report by the Economy and Fair Work Committee of 9 February 2022, and calls on the UK Government to amend the Subsidy Control Bill to remove agriculture from its scope, to provide equivalent powers to ministers in devolved administrations to those proposed for UK ministers, and to make it a requirement for it to seek the consent of the Scottish Ministers if it plans legislation that would impinge on devolved areas, to properly respect devolved responsibilities.

followed by Scottish Government Debate: Delivering on Active Travel Commitments

[S6M-03650](#) Patrick Harvie: Delivering on Active Travel Commitments—That the Parliament welcomes the Scottish Government's record investment in active travel in 2022-23, which includes new funding for footpaths, significantly increased funding for local authorities and more than doubling the funding to the National Cycle Network; recognises the unprecedented ambition of the Co-operation Agreement commitment to invest at least £320 million, or 10% of the transport budget, for active travel by 2024-25 as a means of improving health and wellbeing, enhancing the quality of neighbourhoods, promoting social inclusion and tackling the climate emergency; further welcomes the commitment by Police Scotland to take forward the National Dashcam Safety Portal Initiative; agrees that prioritising walking, wheeling, cycling and public transport and reducing private car trips will be essential to cutting transport emissions and achieving Scotland's climate targets; acknowledges the leadership shown to date by local and community partners, and hopes that all future local authority administrations will recommit to this leadership and achieve rapid delivery of active travel schemes on the ground.

The Presiding Officer has selected the following amendments

[S6M-03650.3](#) Graham Simpson: Delivering on Active Travel Commitments—As an amendment to motion S6M-03650 in the name of Patrick Harvie (Delivering on Active Travel Commitments), leave out from “the Scottish” to end and insert “increased spending on active travel as called for by the Scottish Conservative and Unionist Party and others; believes that cycling, walking and wheeling can contribute to people's health and wellbeing; further believes that every schoolchild should have the opportunity to benefit from cycle training; welcomes moves to encourage people to travel, particularly short distances, without the use of a motor vehicle, but accepts that for many people the car is essential; believes that increasing rates of active travel can help to fight climate change, but calls on the Scottish Government to ensure that local authorities have the necessary resources to improve their active travel infrastructure, and further believes that failing to do so will run the risk that there will be a postcode lottery of exemplar projects in Scotland.”

[S6M-03650.1](#) Neil Bibby: Delivering on Active Travel Commitments—As an amendment to motion S6M-03650 in the name of Patrick Harvie (Delivering on Active Travel Commitments), insert at end “; notes the cross-party support for 10% of the transport budget being allocated to active travel; recognises that wider cuts to local authority budgets hamper active travel, including safety concerns from a lack of adequate lighting; notes the important link between public transport and active travel and recognises that cutting train services will not encourage a reduction in car use; considers that improvements to roads and pavements are necessary to improve levels of active and sustainable travel, and further considers that, if the Scottish Government is serious about promoting active travel, it should fulfil its commitment to provide access to bikes for every child who cannot afford one by the end of 2022.”

followed by Legislative Consent Motion: Cultural Objects (Protection from Seizure) Bill (UK Legislation)

[S6M-03612](#) Neil Gray: Cultural Objects (Protection from Seizure) Bill - UK Legislation—That the Parliament agrees that the relevant provisions of the Cultural Objects (Protection from Seizure) Bill, introduced in the House of Commons on 18 June 2021, relating to culture and protection of cultural objects, so far as these matters fall within the legislative competence of the Scottish

***[S6M-03624](#) Mark Griffin: Motherwell in Running to be New Home for Britain's Railways**—That the Parliament welcomes Motherwell's entry into the national competition to become the new headquarters for Great British Railways (GBR), which, it understands, was submitted by North Lanarkshire Council; notes the UK Government's competition to find a home for the Great British Railways' headquarters, which must be outside of London; believes that Motherwell is perfectly placed to host the GBR headquarters; considers that the town is at the heart of Scotland's rail network and has outstanding connectivity to Scotland and the rest of the UK; believes that the town has a highly-skilled workforce and one of the fastest-growing economies in the country, and that the location of the headquarters would attract further investment to the town, and understands that work is already well underway to considerably improve Motherwell railway station and transform it into a major UK transport interchange, which, it believes, will improve connectivity for all modes of transport including rail, bus, cycling, taxis and cars, as well as pedestrians.

***[S6M-03616](#) Martin Whitfield: UNCRC (Incorporation) (Scotland) Bill - One Year On**—That Parliament notes that 16 March 2022 marks one year since the Scottish Parliament committed, it considers, to deliver a “revolution in children's rights” by unanimously passing the United Nations Convention on the Rights of the Child (Incorporation) (Scotland) Bill; believes that, by taking what it sees as a maximalist approach to incorporating children's rights into Scots law, Scotland is aiming to deliver a fundamental culture shift that, it considers, will transform the life chances and outcomes for children and young people, including in the South Scotland region; acknowledges that the Bill was passed after over 10 years of campaigning by children, young people and their families, and supported by children's organisations across Scotland; further acknowledges reports that the passage of the Bill was celebrated widely by children and young people through to teachers, social workers, the police, MSPs across all political parties and members of UN committees; accepts that it is over five months since The Supreme Court of the United Kingdom ruled that the Bill needs to be amended to bring it within the competence of the Scottish Parliament; welcomes the Deputy First Minister's commitment to address The Supreme Court judgment through the Scottish Parliament's reconsideration process; acknowledges the view that children and young people still do not know what timescale the Scottish Government is working to, or how long this process will take, and understands that, on the first anniversary of the Bill being passed, charities are urging MSPs to set out to children their continued commitment to the

incorporation of the United Nations Convention on the Rights of the Child (UNCRC) into Scots law and to supporting reconsideration of the Bill that brings it within the Parliament's competence, and are requesting that the Scottish Government sets out a timescale for the reconsideration process so that children and young people know when UNCRC incorporation will be a reality in their lives.

***S6M-03615 Kenneth Gibson: Calls for UK Government to Urgently Cut VAT on Petrol and Diesel**—That the Parliament observes with concern the ongoing increase in fuel prices across Scotland and the United Kingdom, with the cost of petrol and diesel in the UK reportedly hitting an

all-time high; notes that the UK Government announced at the recent Autumn Budget that fuel duty rates will remain frozen at 57.95 pence per litre; highlights that drivers are charged a further 20% in Value Added Tax (VAT) on petrol and diesel, including fuel duty, resulting in, it considers, drivers effectively being double-taxed, with increased transportation costs being passed on to consumers and inflation further accelerated; is mindful that this is taking place against the backdrop of the COVID-19 recovery and a further significant increase in energy costs expected as of 1 April 2022; considers that rises in fuel price quickly feed into the overall cost of living as hauliers pass on their extra outlays to customers; understands that the UK Treasury is in receipt of billions of pounds in additional revenue as VAT on fuel at forecourts rockets and other prices rise, accelerating inflation, and recognises the calls on the UK Government from petrol retailers to halve VAT on fuel to ease pressure on consumers, and to alleviate what it sees as the very real difficulties that households and businesses currently face.

***[S6M-03599](#) Stuart McMillan: Clyde Netball Club Nets Scottish Cup Victory**—That the Parliament congratulates Clyde Netball Club Under-15s on winning their final game in the Scottish Cup against Paisley; understands that, with two goals in the third quarter, Clyde Netball managed to find some momentum in the final 15 minutes to take the win; notes that Julie Begg was voted player of the match for Clyde Netball Club, and wishes the team all the best for the rest of the season.

***[S6M-03598](#) Stuart McMillan: £10,000 for Inverclyde Shed**—That the Parliament congratulates Inverclyde Shed on being awarded £10,000 from the National Lottery Community Fund's Together for our Planet programme; understands that the Shed will use this cash boost to expand its small growing spaces food project in schools and nurseries across Inverclyde, and commends all the volunteers involved in helping to reduce social isolation and transform derelict land across Inverclyde into green spaces for recreation and food growing.

***[S6M-03596](#) Foysoyl Choudhury: Townsend Theatre Productions, Commemorating the UCS Work-in**—That the Parliament notes the current tour of the play *Yes! Yes! UCS*, produced by Townsend Theatre Productions, which celebrates the "work-in" at Upper Clyde Shipbuilders in 1971-72; further notes the support for the tour from the trade unions EIS and Unite; commends all those involved in its creation and production; celebrates the way in which, it believes, women's experiences are central to the play, making a valuable contribution to women's history; understands that the play is performing to full audiences; notes that it will be in venues around Scotland during April 2022, including the North Edinburgh Arts Centre on 27 April 2022; congratulates the two lead actors, Heather Gourdie and Janie Thomson, on their achievements; further congratulates Janie Thomson as a recent graduate from Edinburgh College Granton, and encourages everyone to support the creative arts as a key way to enriching communities and people's lives.

***[S6M-03595](#) Stephanie Callaghan: Marc Cutler Selected to Compete in WorldSkills UK Competition 2022**—That the Parliament congratulates Marc Cutler, a first year apprentice at DMG Services Group Ltd in Bellshill, on his selection to compete in the 2022 WorldSkills Competition UK on behalf of South Lanarkshire College; understands that the annual competition

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
