### followed by Members' Business Debate on the subject of—

[S6M-04187](#) **Maggie Chapman: Supporting Striking University Staff**—That the Parliament notes reports that staff are taking part in two sets of industrial action in two industrial disputes at a

number of universities in the North East Scotland region, and across the country; understands that these are over pension cuts and falling pay, gender and ethnicity pay gaps, precarious employment practices, and unsafe workloads, known as the Four Fights; believes that cuts to pensions of an average of 35% are going ahead on the basis of an outdated valuation of the Universities Superannuation Scheme (USS) pension fund; understands that this valuation was made during the height of the COVID-19 pandemic's impact on the economy, and that the health of the fund has recovered significantly since then; appreciates that the trustee that manages the scheme has reportedly confirmed that a new valuation at this point could result in benefits being increased, rather than cut; notes with regret that university management has reportedly rejected proposals made by the Universities and College Union (UCU) that are deemed to be “viable and implementable” by the USS; understands that, in a recent survey of UK higher education staff, two thirds said that they were considering leaving the sector over cuts to pensions and attacks on pay and working conditions; notes the calls on the management of all educational institutions involved in both the pensions and Four Fights disputes to engage constructively with staff and the unions to resolve the disputes, and notes the view that reversals of pension and pay cuts and urgent action against casualisation, gender and ethnicity inequalities in pay and promotions, and against unsafe workloads, are in the best interests of university staff, students, Scottish universities and Scotland as a whole.

## Members' Bills Proposals

### Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

[Proposals for Bills – Scottish Parliament | Scottish Parliament Website](#)

### New Draft Proposal

## Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
