Members' Business motions that have not achieved cross party support

***[S6M-06783](#) Paul O'Kane: Carers Rights Day 2022**—That the Parliament recognises that Carers Rights Day 2022 takes place on 24 November 2022; understands that Carers Rights Day is about raising the awareness of the rights that carers have, but also of what carers still lack in rights and representation; notes the view that amplifying the voice of carers has become even more vital; believes that they have been demonstrably impacted by particular pressures, from the COVID-19 pandemic to the rise in the cost of living; notes the view that, as the cost of living crisis continues, carers must be listened to and their concerns taken seriously and acted upon by the Scottish and UK governments; notes that the State of Caring in Scotland 2022 survey, conducted by Carers Scotland, found that 40% of carers on carers allowance are cutting back on food and heat to make ends meet; celebrates what it sees as the immense contribution that carers make, firstly to their own families and loved ones, who they take care of and support, but also to their wider communities, and believes that their efforts, in turn, prevent added pressures being put onto health and social care services.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
