followed by Scottish Labour Party Debate: Protecting Primary Care

[S6M-06899](#) Jackie Baillie: Protecting Primary Care—That the Parliament notes the recent warnings by BMA Scotland about the pressures on general practice, with 81% of practices surveyed reporting that demand was exceeding capacity and it estimating that an extra 1,000 whole time equivalent (WTE) GPs are needed now; understands that not all practices have access to full multi-disciplinary teams, limiting GPs' ability to focus on the patients that need them most, and therefore regrets the Scottish Government's decision to cut £65 million from primary care services and £5 million from the Sustainability Payment to practices; considers that this diminishes the ability of GPs to respond to winter pressures and will exacerbate the crisis in primary care, with serious consequences for staff and patients and the wider NHS this winter; is alarmed by reports that NHS board chief executives are considering the implementation of a two-tier system of access within the NHS, and considers this to be privatisation through the back door; remains committed to the founding principle of the NHS of being freely available at the point of need; calls on the Scottish Government to reconsider the cuts to primary care and to give an urgent update on where the 800 additional GPs it pledged in 2017 will be located, and regrets that the Scottish National Party administration is considering the privatisation of the NHS in Scotland.

The Presiding Officer has selected the following amendments

[S6M-06899.2](#) Humza Yousaf: Protecting Primary Care—As an amendment to motion S6M-06899 in the name of Jackie Baillie (Protecting Primary Care), leave out from "notes" to end and insert "recognises the pressures on primary care and right across the NHS and social care due to the effects of Brexit, the global pandemic and the cost of living crisis; notes that the overriding priority for the delivery of healthcare must be to deliver the best outcomes for patients; supports the actions of the Scottish Government to abolish prescription charges and recognises that, under the current administration, they will remain free for all; believes that prescription charges are a tax on illness and that healthcare must be based on the clinical needs of patients and not their ability to pay; recognises that primary care provision extends beyond the work of general practice and welcomes that free eye care tests continue to be protected, that dental charges have been abolished for young people, and that, through NHS Pharmacy First, more first-line care is being provided for free through community pharmacies; recognises, in general practice, that Scotland currently has a record high level of GPs and that Scotland has proportionately more GPs than any other nation in the UK; welcomes that efforts to recruit 800 additional GPs by 2027 are on track, with 277 already in post by 2021; understands that, to support GP practices, over 3,220 multidisciplinary healthcare professionals have been recruited since 2018; acknowledges that primary care funding has increased again in the current financial year and understands that integration joint board reserves provided for primary care are to be utilised for primary care; recalls that it was the current administration that took the legislative steps necessary to stop the

privatisation and commercialisation of GP services that was permitted by the previous Labour-led administration; further recalls that it was the current administration that brought Stracathro back into the NHS after its work was put into private hands by the previous Labour-led administration, and shares the Scottish Government's unwavering commitment to the founding principles of the NHS to be publicly owned, publicly operated and free at the point of need."

S6M-06899.1 Sandesh Gulhane: Protecting Primary Care—As an amendment to motion S6M-06899 in the name of Jackie Baillie (Protecting Primary Care), insert at end “, and finds it extremely concerning that there are siloed conversations within the Scottish Government occurring without the Chief Medical Officer or Chief Nursing Officer, and that there is a lack of clinical input into political decision-making, leading to Scottish Government announcements being divorced from the reality of life and purpose of the service.”

followed by Scottish Labour Party Debate: Cost of Living: Mortgage Rescue Scheme

S6M-06898 Mark Griffin: Cost of Living: Mortgage Rescue Scheme—That the Parliament notes the increase in mortgage costs due to the sharp rise in interest rates following the UK Government's disastrous mini-budget; believes that, combined with wider cost of living pressures, higher mortgage repayments will push some households into poverty and that action is needed to prevent a spike in arrears and homelessness; recognises that the Scottish Government's Mortgage to Shared Equity scheme has not had a successful application since 2015-16, and calls for the Scottish Government to relaunch and revamp the scheme so that it is not limited to only those with existing high levels of equity, that eligibility thresholds reflect true house price values and that there is a maximum application turnaround time of two months.

The Presiding Officer has selected the following amendments

S6M-06898.2 Shona Robison: Cost of Living: Mortgage Rescue Scheme—As an amendment to motion S6M-06898 in the name of Mark Griffin (Cost of Living: Mortgage Rescue Scheme), leave out from "Scottish Government's" to end and insert "Home Owners' Support Fund is a demand-led mortgage rescue programme to support low-income homeowners facing difficulty meeting payments to stay in their property through moving to either a rent or shared-equity scheme; notes that the Scottish Government is already reviewing the eligibility criteria of the Fund in light of the cost of living crisis; acknowledges the actions taken by the Scottish Government to also support people in the rented sector during the current cost crisis through the actions in the Cost of Living (Tenant Protection) (Scotland) Act 2022 and through up to £86.6 million in Discretionary Housing Support; calls on the UK Government to ensure that there is an adequate social security net to support people in time of hardship, including homeowners with mortgages; believes that the current nine-month wait for loan-only support with mortgages within Universal Credit is too long, and agrees that this is one of the many areas where Universal Credit is not fit for purpose."

S6M-06898.1 Miles Briggs: Cost of Living: Mortgage Rescue Scheme—As an amendment to motion S6M-06898 in the name of Mark Griffin (Cost of Living: Mortgage Rescue Scheme), leave out from "following" to end and insert "due to Vladimir Putin's illegal invasion of Ukraine and the recovery from the COVID-19 pandemic; welcomes the billions of pounds in cost of living support packages announced by the UK Government to support the most vulnerable households during this difficult period; recognises that Scottish Government decisions have contributed to the cost of living crisis by failing to address the housing crisis that exists in Scotland; condemns the Scottish Government for scrapping the Help to Buy scheme that helped prospective homeowners to get on

the property ladder, and calls on the Scottish Government to reintroduce a Help to Buy scheme and develop a Rent to Buy scheme."

Motions for Debate

***[S6M-06924](#) Angela Constance: The National Drugs Mission: Taking Concrete Action to Tackle Stigma**—That the Parliament acknowledges that stigma prevents people from seeking the help and support that they need and that using language that de-humanises people is harmful; recognises that tackling stigma is everyone's responsibility and that the existence of stigma diminishes all communities as it creates unreasonable and unnecessary barriers for people in all aspects of their lives; agrees that problem drug use is a health issue and that people who experience it deserve parity of treatment as with any other long-term, life-affecting health condition; believes that every individual's experience of recovery is unique and should not be stigmatised, and that people with experience of problem drug use and their families should be treated with dignity, respect and equity; recognises that treating substance dependence as if it were included as part of the protected characteristic of disability, would contribute to a more fair and just society; supports strengthening the meaningful involvement of people with experience of problem drug use in their local communities and wider society in the development and implementation of policy; calls on all MSPs to lead by example in challenging the stigma of people who use drugs and their families, and welcomes the planned publication by the Scottish Government of a Stigma Action Plan, which should embed these principles and drive action on the stated commitments.

[S6M-06898](#) Mark Griffin: Cost of Living: Mortgage Rescue Scheme—That the Parliament notes the increase in mortgage costs due to the sharp rise in interest rates following the UK Government's disastrous mini-budget; believes that, combined with wider cost of living pressures, higher mortgage repayments will push some households into poverty and that action is needed to prevent a spike in arrears and homelessness; recognises that the Scottish Government's Mortgage to Shared Equity scheme has not had a successful application since 2015-16, and calls for the Scottish Government to relaunch and revamp the scheme so that it is not limited to only those with existing high levels of equity, that eligibility thresholds reflect true house price values and that there is a maximum application turnaround time of two months.

***[S6M-06760](#) Paul McLennan: The Poverty Alliance and Scottish Women's Budget Group Report**—That the Parliament notes the publication of the joint report by The Poverty Alliance and Scottish Women's Budget Group, *"It's hard work being poor" Women's Experiences of the Cost-of-Living Crisis in Scotland*; understands that the report provides qualitative evidence of the gendered nature of the cost of living crisis and the vulnerable position that women are facing as costs rise, including in the East Lothian constituency; notes that, according to the report, women are being disproportionately impacted by the cost of living crisis due to existing inequalities across all areas of life, are more likely to be living in poverty, have lower levels of savings and wealth, and are less able to increase paid work than men due to caring responsibilities; further notes that these findings outline the lived experience of women on low incomes as prices keep rising; considers that the key themes from the research show deepening poverty, concern over managing basic food and energy costs, rising debt, increased feelings of shame, guilt and stigma; notes what it sees as the significant impact on mental as well as physical health that can result from coping mechanisms, which include reducing food intake and energy use, and notes the calls for urgent action to use all support levers available to ensure that women do not fall through the cracks during this cost of living crisis.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
