the local primary school; acknowledges that the project has built valued relationships with local families and is now the major provider of community-based open access, universal services for local children and young people in the area; further understands that by adopting a preventative approach, the project delivers attractive and enriching educational opportunities and experiences to develop and reinforce children's skills, confidence, and self-image in a safe and supportive environment; praises the project for delivering open access youth work, targeted work and individual support, as well as promoting activities and interests, not as an end in themselves, but as part of a wider developmental process; understands that the activities allow the children and young people to develop new interests, acquire new skills, build trusting and valued relationships, improve their health and wellbeing, and receive support and guidance from adults, equipping them with the skills and confidence to become motivated and contributing citizens of tomorrow, and wishes The BIG Project well in its anniversary year.

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

### Motions for Debate

\*[S6M-06443](#) **Patrick Harvie: Energy Prices Bill - UK Legislation**—That the Parliament agrees that the relevant provisions of the Energy Prices Bill, introduced in the House of Commons on 12 October 2022, so far as these matters fall within the legislative competence of the Scottish Parliament, should be considered by the UK Parliament.

Supported by: Michael Matheson\*

\*[S6M-06438](#) **Daniel Johnson: Cost of Living**—That the Parliament notes that inflation again reached 10.1% in September 2022, driven by rising food prices and energy bills; condemns the mini-budget set out by the UK Government, and recognises that the cost of living pressures that households are facing will be exacerbated by the economic damage it caused; believes that the priority for every government must be preventing further instability and addressing the cost of living; considers that there is more action that could be taken by the Scottish Government, including the cancellation of school meals debt, increased funding for money advice services and a top up to the welfare fund; remains deeply concerned about households in Scotland that are struggling to make ends meet over the winter, and calls, therefore, in the interests of transparency, for the Deputy First Minister to set out the outcome of the Emergency Budget Review to Parliament as a matter of urgency.

Supported by: Mark Griffin\*

\*[S6M-06437](#) **Jackie Baillie: Supporting the NHS in Winter** —That the Parliament is deeply concerned that record numbers of patients are waiting over eight and 12 hours in A&E on a weekly basis; acknowledges that hospital capacity continues to be constrained by thousands of bed days lost due to delayed discharge; recognises the tireless work of the NHS staff who care for patients in increasingly difficult and safety critical situations; notes that the Scottish Ministers have not yet resolved the nurses' and NHS staff pay claim risking industrial action during the winter period; considers the Scottish Government's NHS Recovery Plan and Winter Plan to be inadequate with the new interim targets to reduce waiting times being missed and no additional funding for the impending winter crisis, and calls for the Cabinet Secretary for Health and Social Care to either set out a clear plan to end waiting times of more than eight hours ahead of winter, or to resign.

Hall; further acknowledges that the tree was gifted to the group by the Queen's Green Canopy initiative as part of a living legacy to the late Queen; understands that over 50 of the total 300 trees came to Scotland, with each county across the four nations of the United Kingdom receiving at least one tree, and it is understood that the sapling in Alva is the only one in Clackmannanshire; notes that the tree was presented in a special pot embossed with a unique Cypher from Queen's Green Canopy, which stood as a message of hope, regeneration and optimism outside Buckingham Palace during the Platinum Jubilee weekend; further notes that the Scottish rowan tree that was planted by the Lord-Lieutenant along with volunteers at the trust in Alva also came with a special plaque; commends this nationwide network of organisations that were chosen to become custodians of these special trees in Her Late Majesty's name, and recognises what it sees as the positive impact that Alva Development Trust and all these chosen custodians have on their communities, representing the very best of Britain.

## Members' Bills Proposals

### Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

[Proposals for Bills – Scottish Parliament | Scottish Parliament Website](#)

### Final Proposals for Member's Bills

## Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
