***[S6M-07752](#) Gillian Martin: Marie Curie's Great Daffodil Appeal 2023**—That the Parliament welcomes Marie Curie's Great Daffodil Appeal 2023, which runs throughout March; praises Marie Curie nursing and hospice staff who continue to provide palliative and end of life support, across Scotland in people's homes and in its two hospices in Edinburgh and Glasgow, during challenging times; understands that Marie Curie cared for over 8,660 people during 2021-22; commends the dedication, hard work and contribution of Marie Curie volunteers across Scotland; considers that the COVID-19 pandemic highlighted how important equitable access to palliative and end of life support is for people affected by terminal illness; notes that donations can be given to the appeal, and that daffodil pins are worn in memory of someone who has died; understands that Marie Curie needs to raise £250,000 per week to support its frontline services; commends the vital care and support that Marie Curie provides across Scotland, including in the Aberdeenshire East constituency; praises its information and support services, which are available for everyone affected by terminal illness, including for bereavement support, and its volunteer helper services, which provide vital emotional support, companionship and information to terminally ill people, carers and families; believes that wearing the daffodil pin unites millions of people who believe that dying people should get the care and support that they need; considers that the funds raised will mean a great deal to terminally ill people, and notes the calls encouraging as many people as possible to support the Marie Curie Great Daffodil Appeal in March 2023.

***[S6M-07728](#) Roz McCall: Scotland's Forgotten Children** —That the Parliament notes, with concern, the findings of the Adoption Barometer 2022, published by Adoption UK, which found that more than four out of five children (81%) represented in the survey were reported to need more support in education than their peers, rising to 85% of secondary school-aged children; considers that children who are adopted in Scotland are, under the current arrangements, disadvantaged when it comes to support offered in primary and secondary education, when compared to other

children who are care-experienced; recognises what it sees as the challenges of the adoption process and its impact on the ability of education providers to deliver relevant and prompt support for adopted children; understands that care-experienced children in the education system may display signs of attachment issues due to previous trauma; notes the calls on the Scottish Government to increase the level of support that adopted children receive to match the level of support given to fostered children, to ensure that both groups of children receive additional support within the education system; further notes the findings of the Scotland Foster Care Allowances Survey 2021-22, conducted by The Fostering Network, which showed the differences in weekly allowances for children and young people in foster care and those in a continuing care arrangement across Scotland's 32 local authorities, including those in the Mid Scotland and Fife region; understands that, despite a commitment in the Scottish Government's 2021-2022 Programme for Government to implement a national allowance for foster care and a national review of care allowances in 2017, Scotland remains the only part of the UK to not have a national minimum allowance, and notes the further calls on the Scottish Government to honour the commitment it made to implement the Independent Care Review's The Promise, in which it states that "to provide the care that children require, foster carers must be sufficiently financially maintained".

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
