Debate on the subject of—**

[S6M-08593](#) Katy Clark: Women Prisoners—That the Parliament notes reports that the women's prison, HMP Cornton Vale, is set to close and be replaced by HMP & YOI Stirling on the same site by the summer of 2023; further notes, with concern, reports that Scotland has had one of the largest female prison populations in northern Europe since 2010; understands that nearly 40% of women charged are not charged for a violent offence, with 63% of women in the sentenced population indexed under Group 1 (Violence) in the recorded crime statistics; notes the findings of

the *International Review of Custodial Models for Women: Key Messages for Scotland* by the Scottish Government social research department in 2015, which concluded that “countries with lower rates of female prison populations tend to have different sentencing practices, including a greater use of alternatives to custody and open prisons than is currently available in Scotland”; further notes the view that Scotland’s remand rates for women are too high, including in the West Scotland region; notes that the Scottish Prison Service confirmed in January 2023 that approximately 36% of women prisoners are on remand, higher than the percentage for prisoners who are men; further notes the view that the vulnerable nature of many women prisoners, offending patterns among women and the reported high percentage of women prisoners who are mothers and high percentage of women who have suffered brain injuries as a result of repeated domestic abuse, demonstrate that fewer women should be remanded into custody, and notes calls for the Scottish Government to reverse the real terms cuts to the justice budget, to fund and develop strategies to reduce the number of women on remand, and to consult with women’s groups to develop sustainable alternatives to custody that reflect the specific circumstances of women.

Motions for Debate

***[S6M-09463](#) Michael Marra: A Resilience Fund for CalMac Disruption**—That the Parliament instructs the Scottish Government to establish a resilience fund for businesses adversely affected by Caledonian MacBrayne disruption and withdrawal of services, utilising funds obtained from penalties imposed on Caledonian MacBrayne for breaches of its contract with Transport Scotland. Supported by: Rhoda Grant*

***[S6M-09462](#) Jackie Baillie: Taking Action on NHS Waiting Times**—That the Parliament is deeply concerned that NHS waiting lists continue to increase to record levels, with over 779,000 patients awaiting treatment; regrets that over 18,300 patients died on NHS waiting lists in 2022, whilst the number of people in Scotland paying for private treatment has increased by 73% since before the COVID-19 pandemic; notes that the Scottish Government has failed to meet its revised national targets for tackling long waits for planned care; is concerned about the delay in rolling out the network of National Treatment Centres; recognises that the NHS is facing a workforce crisis, with over 7,000 vacancies unfilled, and agency costs spiralling to £567 million in 2022-23, and calls on the Scottish Ministers to bring forward a revised NHS Recovery Plan, in consultation with key stakeholders, to reduce long waits as a matter of urgency. Supported by: Paul Sweeney*, Carol Mochan*

***[S6M-09414](#) Sue Webber: College Regionalisation**—That the Parliament notes the conclusions and recommendations contained in the Education, Children and Young People Committee's 2nd Report, 2023 (Session 6), *College regionalisation inquiry* (SP Paper 331).

Members' Business motions that have not achieved cross party support

***[S6M-09435](#) Alexander Burnett: Ensuring a Just Transition for Rural Communities**—That the Parliament believes that what it sees as the Scottish Government's failure to listen to local communities has resulted in an unjust transition to net zero taking place in rural communities across Scotland, including those in the Aberdeenshire West constituency; recognises what it sees as the vital importance of an energy strategy that uses a mix of energy sources to achieve a just transition and protect the livelihood and character of rural communities; acknowledges what it sees

as the significant concerns of local communities and local authorities, which, it believes, have overwhelmingly opposed industrial sized onshore windfarm proposals, but have then been overruled by the Energy Consents Unit in Edinburgh; notes the view that the Scottish Government should ensure that local community objections to renewable energy developments are a key factor in considering when approval should be granted; further notes the calls for the Scottish Government to introduce legislation for a mandatory minimum megawatt-hour community benefit contribution rate from renewable energy developments, which would increase in line with inflation; recognises the role that it believes that community benefit should play in ensuring that communities receive fair compensation as part of a real just transition in areas where renewable energy developments are being considered, and notes the calls for the Scottish Government to implement the recommendations of the joint review by the UK and Scottish governments of ETSU-R-97 on all new onshore windfarm developments, in particular, the recommendation that controlling values for noise during the night should not be higher for night-time than during the day.

Other new and altered motions and amendments

***[S6M-09409](#) Ross Greer: City of Glasgow College Redundancy Process**—That the Parliament understands that up to 100 jobs at City of Glasgow College are at risk of compulsory redundancy; further understands that this decision is subject to legally mandated consultation with staff and their trade unions, which is currently underway, on the 45-day minimum timescale allowed under the relevant legislation, and is due to conclude on 18 June 2023; understands that the City of Glasgow College branch of EIS-FELA has put forward alternative proposals for savings and for the future of staffing at the college; believes that the college board should engage immediately and constructively with these proposals and consider them in full before any final decisions are made with regard to proposed redundancies, and further believes that the board should consider the individual business case for each set of proposed redundancies before reaching its decisions.

***[S6M-09365](#) John Swinney: Support for Giraffe Community Kitchen's Aviva Community Fund Campaign**—That the Parliament acknowledges and commends the crucial work of Giraffe Community Kitchen, known locally as Giraffe, which is a social enterprise in Perth supporting individuals over the age of 16, particularly those facing complex barriers like learning disabilities, autism, and mental ill health; celebrates its work in providing trainees with vocational skills, work experience and personal development opportunities that contribute to local communities, as well as its impressive feat of distributing over 80,000 free meals since April 2020, and encourages support for its ongoing Aviva Community Fund campaign which, it understands, if successful, will allow it to expand its efforts in the Community Kitchen, sustain its activities, and continue to make a significant impact on thousands of lives across Perth and Kinross.

***[S6M-09364](#) Daniel Johnson: Neuroscience Matters**—That the Parliament welcomes the event, Neuroscience Matters; understands that this event will be held by The British Neuroscience Association to highlight the contribution that neuroscience researchers across Scotland are making through world-leading research; understands that neurological disorders are one of the leading causes of disability globally and that around one in three people are estimated to be affected by mental illness in any one year in Scotland, and believes that neuroscience research and those working within neuroscience in Scotland, play a critical role in tackling some of the key health challenges of the future.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 6 Proposals:

New Draft Proposal

Colin Smyth MSP: Proposed Commissioner for Older People (Scotland) Bill— A draft proposal for a bill to establish an independent commissioner to promote and safeguard the rights and interests of older people.

A consultation document, lodged with the proposal, may be viewed in the Scottish Parliament Information Centre (SPICe) or on the website page referred to above. The consultation period runs from 13 June 2023 to 12 September 2023.

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
