**Debate on the subject of—**

**[S6M-08317](#) Fiona Hyslop: The Future of St Michael's Hospital in Linlithgow, West Lothian—**

That the Parliament understands that the land for the St Michael's Hospital facility in Linlithgow was originally gifted by St Michael's Church in the 19th century for the purpose of providing a hospital and garden for the community, and that, due to temporary demands to move staff elsewhere in the NHS due to illness absences, it is currently closed; recognises what it sees as the long history of St Michael's in providing hospital services to the people of West Lothian, the Friends of St Michael's Group's hard work and dedication in supporting families with loved ones cared for at St Michael's Hospital, and the invaluable local support and spirit of solidarity that the local community provides to all who use the hospital; notes the view that there will be an ongoing need for a health facility providing end-of-life and step-down intermediary care and, potentially, new support services to match increasing home-based care in the north of West Lothian; recognises what it sees as the strong community support for the retention of the hospital and the campaign to maintain hospital and health services there, including, it understands, the large number of people who attended the information evening on 7 February 2023 organised by the Friends of St Michael's Group and addressed by West Lothian Health and Care Partnership, which, it considers, saw a willingness from all to identify the best future needs for patients and families and the role that the hospital could play; understands that West Lothian has a growing population that is already well in excess of that of the City of Dundee, and also has one of the highest proportions of older populations; acknowledges what it considers the continuing challenges in securing and resourcing staffing for any expansion of care at home, and the ongoing pressure on caring families; notes the West Lothian Health and Social Care Partnership's

consultation on the current closure of St Michael's Hospital and its community bed review, and further notes the calls on the partnership to take a strategic view in favour of using the physical, social and community assets of St Michael's for the benefit of the growing population in the north of the county.

**\*[S6M-08800](#) Roz McCall: Stroke Awareness Month 2023**—That the Parliament recognises May as Stroke Awareness Month; understands that Stroke Awareness Month 2023 has particular significance for stroke care in Scotland, with the planned publication of a refreshed Stroke Improvement Plan; believes that stroke is a major health and social care condition, which does not receive the attention or resources that its scale and impact merits; understands that stroke is the biggest single cause of disability for adults; notes reports that, on average, there is more than one stroke every hour in Scotland, and that, as a consequence, there are more than 128,000 people currently living with the often life-changing effects of stroke; understands that there are more than 16,000 people in Mid Scotland and Fife who are recovering from a stroke; considers that stroke outcomes for many can be significantly improved; encourages the Scottish Government, therefore, in the context of the refreshed Stroke Improvement Plan, to set out the commitments that NHS boards must deliver against, which, it believes, must be ambitious, specific and adequately resourced; believes that this should include a clear, unambiguous commitment to publish a definitive timeline for full delivery of a safe, equitable, national 24/7 thrombectomy service, making what it sees as this game-changing procedure available to all who need it wherever they live; considers that this would benefit at least 800 stroke patients in Scotland annually once fully operational, and would save many from being affected by disabilities, and believes that it would also offer the health and social care system an estimated average savings of around £47,000 per procedure.

## Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
