followed by Scottish Conservative and Unionist Party Debate: Pausing the Short-term Lets Licensing Scheme

[S6M-10411](#) Murdo Fraser: Pausing the Short-term Lets Licensing Scheme—That the Parliament notes the widespread concern in the tourist sector at the introduction of the licensing scheme for short-term lets, which is effective from 1 October 2023; understands that this will apply not just to stand-alone self-catering units, but also to home sharing, B&Bs, guest houses and home swaps; is concerned that the unintended consequences of the scheme will have a seriously negative impact on Scotland's tourism offer, and calls on the Scottish Government to pause the introduction of the scheme for 12 months to allow for modifications based on a detailed, evidence-based review of its impact.

The Presiding Officer has selected the following amendments

[S6M-10411.3](#) Paul McLennan: Pausing the Short-term Lets Licensing Scheme—As an amendment to motion [S6M-10411](#) in the name of Murdo Fraser (Pausing the Short-term Lets Licensing Scheme), leave out from "notes" to end and insert "recognises the success of Scotland's growing tourism sector and that well-managed, short-term lets are a significant part of that economy; welcomes the reassurance and safeguards for visitors, hosts and communities that the short-term lets licensing scheme provides; acknowledges the work that local authorities have done to date in processing applications, and also those hosts who have submitted applications so far; highlights the six-month extension to the application deadline, giving nearly two years for hosts to comply with licensing conditions and a year to prepare and submit an application; notes the ongoing Scottish Government engagement with local authorities and the short-term lets sector across Scotland; calls on all MSPs to focus on supporting and encouraging any outstanding applications to be submitted to local authorities before 1 October 2023; confirms the Scottish Government's ongoing work to listen to and engage with the sector, and reaffirms the Scottish Government's commitment to an implementation review update in early 2024."

[S6M-10411.2](#) Mark Griffin: Pausing the Short-term Lets Licensing Scheme—As an amendment to motion [S6M-10411](#) in the name of Murdo Fraser (Pausing the Short-term Lets Licensing Scheme), insert at end ", and consideration of changes, which, as a minimum, must include the removal from the licensing scheme of any accommodation that owners use as their primary residence, B&B accommodation, house swaps, purpose-built accommodation and room lets, and agrees that the forthcoming Housing Bill should be used to deliver a system of regulation that works for both local communities and the sector, and a registration scheme."

Motions for Debate

***[S6M-10439](#) Maree Todd: The Role of Football in Scottish Society and Communities**—That the Parliament acknowledges that football contributes significantly to the cultural, social, economic and sporting fabric of Scotland, including through the work of the Scottish FA, which celebrates its 150th anniversary in 2023; recognises the important role that football clubs play in their communities, supporting a wide range of Scottish Government priorities; welcomes in particular the growth of inclusive opportunities in football in Scotland; notes that the Traffic Commissioners for Great Britain have withdrawn the consultation on proposed new guidelines for fans travelling to football matches in Scotland on public hire vehicles, and calls for any future consultation on and development of Scottish guidelines to be fully informed through the involvement of the Scottish Government, football clubs, authorities and, especially, fans and supporters' groups to best meet Scottish needs and interests.

***[S6M-10429](#) Shirley-Anne Somerville: United Nations Convention on the Rights of the Child (Incorporation) (Scotland) Bill (Reconsideration)**—That the Parliament agrees to reconsider the United Nations Convention on the Rights of the Child (Incorporation) (Scotland) Bill.

[S6M-10411](#) Murdo Fraser: Pausing the Short-term Lets Licensing Scheme—That the Parliament notes the widespread concern in the tourist sector at the introduction of the licensing scheme for short-term lets, which is effective from 1 October 2023; understands that this will apply not just to stand-alone self-catering units, but also to home sharing, B&Bs, guest houses and home swaps; is concerned that the unintended consequences of the scheme will have a seriously negative impact on Scotland's tourism offer, and calls on the Scottish Government to pause the introduction of the scheme for 12 months to allow for modifications based on a detailed, evidence-based review of its impact.

***[S6M-10411.3](#) Paul McLennan: Pausing the Short-term Lets Licensing Scheme**—As an amendment to motion S6M-10411 in the name of Murdo Fraser (Pausing the Short-term Lets Licensing Scheme), leave out from "notes" to end and insert "recognises the success of Scotland's

Members' Business motions that have not achieved cross party support

***[S6M-10392](#) Kate Forbes: Rural Visa Pilot Scheme** —That the Parliament recognises what it sees as the vital importance of seasonal and migrant workers to Scotland's £15 billion food and drink industry and the wider rural economy; appreciates the need for businesses to have access to the workforce that they require to carry out what it sees as their invaluable work in providing world-class produce; recognises the view expressed by NFU Scotland that, "The labour shortages encountered across the whole chain in 2021 – on farm, haulage, processing and packing – coupled with the Government's late delivery of the seasonal worker pilot scheme led to significant crop losses and millions of pounds of wastage"; understands that employers in the UK have found it difficult to source domestic labour to take up seasonal employment on farms, and that, in 2020, despite the widely publicised Pick for Britain campaign, UK residents made up only 11% of this workforce, and domestic recruitment in 2021 was at 5% for Scotland; notes previous reports that the East of Scotland Growers, the UK's biggest brassica producer, incurred losses of 3.5 million heads of broccoli and 1.5 million heads of cauliflower due to labour shortages; further notes that Seafood Scotland has stated that, within seafood processing, there was a considerable reliance on a predominantly Eastern European workforce; understands that these workers comprised 52% of the rural workforce across Scotland, 69% in the north east, and up to 92% in certain processing facilities; notes the recent reports of businesses in Fort William, Portree and elsewhere in Highlands struggling to find staff; welcomes what it sees as the invaluable contribution that seasonal and migrant workers make to Scotland's society and economy, and notes the calls for the UK Government to urgently review its position on the Scottish Government's proposal for a

***[S6M-10378](#) Jeremy Balfour: Addressing the Availability of Changing Places Toilets**—That the Parliament recognises what it sees as the importance of providing Changing Places toilets in suitable locations across Scotland, including in the Lothian region, to ensure that the country is as accessible and inclusive as possible; notes that the Scottish Government, in its 2021-22 Programme for Government, set out to “invest £10 million to increase the number of Changing Places toilets across the country”, but notes with concern reports that no fund has yet been set up to allow this budget to be allocated; further notes that the UK Government made a similar commitment in its 2021 budget to invest £30.5 million in a Changing Places toilet fund and has already allocated the first round of funding, which amounted to £23.5 million, and is now in the process of allocating the further £7 million to complete its programme, on target, by the end of the financial year 2023-24; notes the comments made by the Scottish Government Minister for Social Care, Mental Wellbeing and Sport in June 2023, in relation to the Petition PE2027, which is currently being considered by the Scottish Parliament, who stated that “funding for the construction of Changing Places Toilets has not yet been allocated and the timeframes for the distribution of this funding have not yet been announced”, and further notes the calls urging the Scottish Government to open this promised fund to ensure that Scotland is welcoming and accessible for all people with disabilities who require a Changing Places toilet.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

[Proposals for Bills – Scottish Parliament | Scottish Parliament Website](#)

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
