S6M-12165 David Torrance: Celebrating 125 Years of Learning with Fife College—That the Parliament celebrates the 125th anniversary of Fife College, the first ever college to be set up in Fife following the opening of the Lauder Technical College in 1899; understands that local politician and businessman, George Lauder, established the college with funding from his nephew, the famous industrialist, Andrew Carnegie; believes that, for 125 years, the provision of college education in Fife has offered opportunities for thousands of students and benefited the people, communities, and businesses of the area; further believes that the 125th anniversary will be celebrated through a series of special events and initiatives, each of which will pay tribute to what it sees as the incredible legacy of those who laid the groundwork for the success of Fife College all those years ago; notes the launch of a new 125th anniversary scholarship programme to "empower and support" students in their educational journey, while the college builds upon its relationships with institutions in the USA as it aims to explore mutually beneficial opportunities and continue the legacy of its founding benefactors; welcomes the series of events planned for across Fife, which will highlight its alumni programme to celebrate the achievements of former students who have since gone on to make their mark across the globe; further notes the planned revival of the annual Lauder Lecture, coinciding with the college's birthday in October 2024; considers that the event will serve as a platform for thought leaders to share insights and knowledge, embodying the spirit of George Lauder's commitment to education; understands that the aims of the college remain the same today as they did 125 years ago, and that they are to provide opportunity for all, to deliver outstanding education and training, to contribute to the economic prosperity of the region and its communities, and to help students, staff and the communities that it serves to be the best that they can be; commends what it sees as the hard work and dedication of all staff, past and present, and wishes everyone at Fife College a bright future.

***S6M-12529 Tess White: Raising Awareness of Endometriosis Action Month in March**

2024—That the Parliament recognises that March 2024 is Endometriosis Action Month; understands that this month is an opportunity to raise awareness, demand change and show support for the estimated one in 10 women with endometriosis; further understands that endometriosis is the name given to the condition where cells that are similar to the ones in the lining of the womb, or uterus, are found elsewhere in the body; notes that, currently, there is no cure for endometriosis and that it can affect females from puberty through to menopause, although the impact may be felt for life; recognises that endometriosis can have a significant impact on a woman's life in a number of ways, including resulting in chronic pain, fatigue, depression, relationship problems or inability to conceive; further recognises that different treatments are available for endometriosis that aim to reduce the severity of symptoms and improve the quality of life for women living with the condition, and notes that the Scottish Government's Women's Health Plan will come to an end in 2024, and considers that every effort must be made now, and in the future, to raise awareness of endometriosis among the public and healthcare practitioners.

***S6M-12528 Tess White: Soroptimist International Aberdeen Celebrates its 95th**

Anniversary—That the Parliament congratulates Soroptimist International Aberdeen as it celebrates its 95th year; understands that the name Soroptimist was devised from the combined Latin *soror* meaning "sister", and *optima* meaning "best", which is often interpreted as "the best for women"; further understands that the Soroptimists is an international society that seeks to transform the lives and status of women and girls through education, empowerment and enabling opportunities; notes that Soroptimist International Aberdeen is involved in a variety of activities, including providing practical support for local, national and international projects, as well as distributing funds to local and national charities such as Grampian Women's Aid, Instant Neighbour, Aberlour Child Care Trust, Strut Safe, Smart Works and international charity, the Rosie May Foundation; recognises that the "Aberdeen sisters" held a weekend of celebrations for their 95th anniversary, with members and friends involved in a range of activities that included handing out pots of spring bulbs, a civic reception with the Lord and Lady Provost, and a Diva tribute show, and wishes the voluntary organisation for women every success as it works to continue to improve the lives of women and girls.

***S6M-12519 Liam McArthur: Orkney RFC Wins Community Club of the Season**—That the Parliament congratulates Orkney Rugby Football Club on winning Community Club of the Season at the Scottish Rugby Caledonia North Community Recognition Awards 2024; recognises that Orkney players regularly travel across Scotland for games, and that they show dedication to the club and to the sport; believes that the players' dedication has driven the club's performance forward, with First XV currently in second place in National League Division 3; considers that the growth and vibrancy of Orkney RFC has been a major factor in increasing interest in the club, with membership growing and home games now drawing a significant number of fans; recognises that Orkney Dragons continue to enjoy success in popularising the sport among women and girls, with competitive "internal" matches now taking place regularly and drawing players from around the

islands, thanks in large part to the efforts of Erlend Drever; acknowledges the success of youth rugby in Orkney, notably at under-16 level, where the team remained unbeaten all season and won the league; commends Orkney RFC for pursuing broader access through their digital presence, with dedicated volunteer George Drever streaming all the matches to an online audience that has exceeded 1,000 viewers on his YouTube channel, Rohallion; understands that the award follows Orkney RFC also being crowned Team of the Year at the Orkney Sport Awards; pays tribute to the hard work and commitment demonstrated by players, volunteers and the wider community, which have led to this award being conferred; congratulates all other winners of the Community Recognition Awards, and acknowledges what it sees as the vital importance of grassroots rugby to the development of the sport in Scotland.

***S6M-12510 Michael Marra: University of Dundee Included in Cancer Grand Challenges—**

That the Parliament welcomes the inclusion of the University of Dundee's Centre for Protein Degradation (CeTPD) in a new, global effort to tackle some of the most significant challenges posed by cancer; recognises that the Cancer Grand Challenges Summit of 2024 is dedicated to bringing together "the world's brightest minds against cancer's toughest challenges", and that researchers from around the globe have participated, including professors Alessio Ciulli and Doreen Cantrell from Dundee; understands that CeTPD Director, Professor Alessio Ciulli, is a recognised leader in the field of targeted protein degradation who plans to collaborate with other international experts to explore new means of tackling solid tumours in children; believes that the inclusion of Professor Ciulli and his colleagues in a team with unrivalled expertise in targeted paediatric cancer therapeutics is testament to the excellence of cancer research taking place at the University of Dundee; considers this project to be the latest example of work that has earned the University of Dundee a world-class reputation for life sciences, with the University rated first in the UK for Biological Sciences in the Research Excellence Framework 2021; notes what it considers to be the immense contribution of the University of Dundee to the wider Tayside economy, and wishes Professor Ciulli and his colleagues every success as they collaborate with partners in pursuit of life-saving new treatments. **R**

***S6M-12427 Tess White: Scotland Can't Wait: Parkinson's Support—**That the Parliament welcomes the publication of a new report by Parkinson's UK Scotland, *Scotland Can't Wait*; recognises that there are nearly 13,000 people living with Parkinson's in Scotland, with over 30 people newly diagnosed each week; understands that Parkinson's is the fastest-growing neurological condition in the world, and that no available treatment can slow it down, stop it, or reverse its progress; further understands that Parkinson's often causes significant mental health symptoms and dementia, and that there is a need to provide extra care and support for those affected by these aspects of Parkinson's; notes with concern reported findings from the 2022 Parkinson's Audit that fewer than half of all Parkinson's medicines are administered on time in Scotland's hospitals, despite the fact that these medicines are time critical and that early, late or missed doses can, it understands, cause serious harm; considers that a higher proportion of people with Parkinson's live in remote areas in Scotland, and that accessing integrated Parkinson's care in Scotland's remote communities can be more difficult, including in parts of the North East Scotland region; understands that the report, *Scotland Can't Wait*, identifies that people with Parkinson's require multidiscipline expert care from a range of professionals throughout the

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

Progress of Legislation

A list of all Bills in progress can be accessed via the website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
