Debate on the subject of—

S6M-17969 Douglas Ross: Action to Address the Impact of Gulls in Scotland—That the Parliament notes with concern the reported changes to the approach taken for granting licences to control gulls in recent years by NatureScot, which, it understands, has led to fewer licences being approved, as demonstrated by 2,041 licences being granted in 2023, but this figure falling to 505 in 2024; understands that communities and businesses in Moray, Nairn and Inverness have had significant problems with gulls in recent years, but that many communities across Scotland also experience similar problems; believes that Business Improvement Districts (BIDs) funding and Common Good Funds should not have to be spent on continually seeking licences to control gulls that display dangerous and aggressive behaviour that are a risk to all, but particularly the young and older people; is concerned that NatureScot reportedly does not fully acknowledge and respect the views of local people and businesses when considering applications to control gulls that are causing significant problems; notes the calls for more robust action from the Scottish Government and NatureScot to protect humans and businesses from what it sees as the menace of dangerous gulls, including the Scottish Ministers taking action through a section 11 order under the Natural Heritage (Scotland) Act 1991, and further notes the calls for a review by the Scottish Government, preceded by a public consultation on the grounds for legal control, with a view to permitting control to tackle significant nuisance caused by gulls, and on the separation of the licensing of control measures and the nature species conservancy functions of NatureScot, in light of reports of an inherent potential conflict between the two and widespread concerns of many constituents that NatureScot neglects the former while preferring the latter.

Members' Business motions that have not achieved cross party support

***[S6M-18131](#) Alexander Stewart: Banking Hubs**—That the Parliament acknowledges that Banking Hubs can give communities across Scotland, including in the Mid Scotland and Fife region, access to banking services and face-to-face support from major high street providers; understands that Banking Hubs are shared spaces similar to a bank branch that allow access for customers to multiple banks, and offer face-to-face banking services, including cash and cheque transactions, balance checks and bill payments, which, it believes, are especially helpful to local residents who are either unable to, or do not wish to, use electronic banking; notes with concern reports that high street bank closures are becoming more prevalent; further notes the view that there is a growing need for Banking Hubs as a result; understands that these hubs are typically located where traditional bank branches have closed, and that, operated by the Post Office, they feature community bankers from different banks on specific days for more complex needs; further understands that many constituents, especially older people or those living alone, look forward to the social interaction of going to a branch to conduct their financial affairs, and that they can often find comfort in the feeling that someone is taking an interest in the security of their money; welcomes what it sees as the Post Office's proactive approach, and notes the hope that there will be more Banking Hubs opening in and around the towns of Scotland, including in Bridge of Allan and other rural areas. **R**

vacant and derelict land that, it considers, has been a blight on the community for decades; believes that Garngad Gardens is a fitting name for the open space, given that Garngad is the original name of the area, which was rebranded as Royston in 1942; understands that, despite this, many locals who are proud of their heritage still refer to their community as The Garngad today; further understands that a community consultation to determine the name of the park saw 61% of the community choose Garngad Gardens, and believes that Garngad Gardens is both a celebration and reclamation of the area's heritage, as well as a vibrant community space for the area's future.

***S6M-18065 James Dornan: Proscribing of Palestine Action—**That the Parliament notes with concern reports that the UK Home Secretary has decided to place what it considers to be the non-violent campaigning organisation, Palestine Action, on the UK Government's proscribed list alongside international terrorist organisations such as Al Qaeda, Boko Haram, Islamic Jihad, Hizb ut-Tahrir, ISIL, the Wagner Group and, closer to home, the Irish Republican Army, Irish National Liberation Army, Ulster Volunteer Force and Ulster Freedom Fighters; believes that all of these groups have, unlike Palestine Action, at some stage taken part in violent action; fears that this decision is an overreaction from the UK Government, which, it believes, appears to be embarrassed by the actions of Palestine Action and terrified to show anything but utter compliance and subservience to the Israeli government in what it sees as its ongoing ethnic cleansing of Gaza, and to its leader, Benjamin Netanyahu, despite there being a reported warrant from the International Criminal Court for his arrest on charges of war crimes, and urges the Home Secretary to let the justice system deal with any ongoing criminal offences potentially committed by Palestine Action during reported events at RAF Brize Norton, and to proscribe only those organisations that, it considers, really do, or did, cause a threat to life, such as the Israel Defense Forces. **R**

Progress of Legislation

A list of all Bills in progress can be accessed via the website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
