Members' Business motions that have not achieved cross party support

***[S6M-16978](#) Neil Bibby: BBC Scotland's Decision to End River City and Close its Dumbarton Studios**—That the Parliament notes with regret the reported decision by BBC Scotland to end the programme, *River City*, which it understands is Scotland's only homegrown soap; believes that this will have a disproportionately negative impact on performers in Scotland, many of whom, it understands, get their first TV job on *River City*, as well as on the wider Scottish production landscape; considers that the reported £9 million annual budget for the show is excellent value for money, given the hours of programming produced throughout the year for what it sees as a successful show, which, it understands, attracts a regular audience of 500,000 per episode, outperforming other TV series by more than two and a half times; believes that the Glasgow-based show is well loved by Scottish audiences and enjoys strong ratings, with it winning Best Drama at the Royal Television Society Scotland 2023 awards for its 20th anniversary episode; notes what it sees as BBC Scotland's failure to inform the Constitution, Europe, External Affairs and Culture Committee of its reported plans to close the BBC studios in Dumbarton and end *River City* in its annual report to the Parliament in January 2025; further notes the calls for BBC Scotland to recognise its public broadcasting duty and explain how its current proposals to replace *River City* will provide the same good jobs, training and apprenticeships currently available at the BBC's Dumbarton studios to performers and crew in Scotland, and ensure that the reported £9 million budget will be spent on Scottish drama; considers the BBC's Dumbarton studios to be an important asset, which has been used for a number of other productions, including *Vigil* and *Shetland*; understands that the owner of the studios site is open to renewing the lease, and notes the calls, in light of this, for BBC Scotland to revisit its reported decision to end *River City* and close its Dumbarton studios.

***[S6M-16920](#) Kenneth Gibson: Marine Conservation Society Publishes 2024 State of our Beaches Report**—That the Parliament welcomes the publication of the Marine Conservation Society 2024 report, *State of our Beaches*, which compiles data gathered through the organisation's year-round citizen science initiative, Beachwatch; acknowledges that Beachwatch was launched in 1994; believes that it provides one of the most detailed datasets on marine litter across the whole of the UK; applauds the 4,000 volunteers who attended beach cleans across Scotland in 2024, including in the Cunninghame North constituency, which represents a 25%

increase in volunteers compared to 2023; notes that they removed over 10,000 kg of litter from Scotland's beaches in 2024, consisting of around 527,000 separate items; expresses concern that, on average, 204 items of litter were found for every 100 metres across Scotland's beaches, which represents a 7.2% increase on 2023 and is higher than the UK-wide average of 170 items per 100 metres; understands that 22,000 wet wipes were found on Scotland's beaches in 2024, and that drinks-related litter was recorded on 95% of surveyed beaches; acknowledges that marine litter not only harms what it sees as Scotland's beautiful coastline, but can also damage marine habitats; notes the view that reducing marine litter will require not only behavioural changes, but also a range of policy changes, including the introduction of circular economy measures and the phasing-out of single-use plastic items, and further notes calls for the Scottish Government to continue its work alongside key stakeholders to drive down marine litter across Scotland's beaches.

***S6M-16963 Murdo Fraser: 400th Anniversary of the Accession of King Charles I**—That the Parliament recognises that 27 March 2025 marks the 400th anniversary of the accession to the throne of King Charles I of England, Scotland and Ireland, on the death of his father, King James VI, who had ascended to the throne of England and Ireland as James I in 1603; notes that Charles was born in Dunfermline, Fife, in 1600 and became heir to the throne in 1612 on the death of his elder brother, Prince Henry; notes that his belief in the Divine Right of Kings and his ambition to align religious practices in Scotland with those in England led to conflict with the Kirk, nobility and people, leading to the signing of the *National Covenant* in 1638, the Scottish Revolution and the Bishops' Wars; understands that his disagreements with the English Parliament would contribute to the Wars of the Three Kingdoms, where the Royalist forces were defeated; notes that Charles' subsequent attempt to ally with the Scottish Estates led to the Second Civil War, which ended when the Scottish invasion force was defeated by Cromwell's New Model Army at Preston in 1648, and that, thereafter, he was put on trial for treason by the English Rump Parliament, convicted, and then executed at Whitehall on 30 January 1649, the only British monarch to face judicial execution, and believes that Charles' legacy today is either as a "Christian martyr" or as "the Man of Blood", depending on one's view of history.

A list of all Bills in progress can be accessed via the website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.
