***[S6M-16964](#) Brian Whittle: DART Completes the Corner Clear Up with a Mural of Sir Alexander Fleming—**That the Parliament recognises the efforts of the Darvel Area Regeneration Team (DART) to complete a programme of refurbishment works, known locally as the Corner Clear Up; understands that the Corner, an award-winning community and event space in Darvel, managed by a team of local volunteers, was damaged in the record high winds during Storm Eowyn; notes that the programme of works included repairs from Twinfix, a manufacturer and installer of glazed roofing systems, cleaning of the stonework by CGM Total Property Maintenance, a family-run property maintenance business from Galston, and the creation of a mural by Rogue-one, a Glasgow street artist; acknowledges that all suppliers for the programme of works are British; notes that the subject of the mural was selected from local suggestions, with an overwhelming preference for the depiction of Sir Alexander Fleming and the discovery of penicillin, a major part of Darvel's local history as the birthplace of Sir Alexander Fleming; welcomes the attention to regeneration on the Main Street of Darvel and the dedication to embracing local history; commends the DART volunteers on their hard work in completing the Corner Clear Up before the first official event on 9 April 2025, and wishes them all the best in the future.

***[S6M-16962](#) Marie McNair: Recognising Clydebank Social Enterprise Crafting Together—**That the Parliament recognises the founders, Elaine McIlree and Linda Murray, of Crafting Together in Clydebank; understands that the social enterprise offers adults with additional support needs an opportunity to learn new skills by making jewellery, textiles, homeware and other products, which are available to buy online and in various stores across Scotland; further understands that latest figures from the Fraser of Allander Institute show that employment rates for adults with additional support needs are as low as 4%; celebrates organisations such as Crafting Together for highlighting the deficit of employment opportunities for people with additional support needs, and acknowledges what it sees as a proactive, inclusive approach to ensure that everyone has an opportunity to enter the workforce.

***[S6M-16961](#) Marie McNair: Clydesdale Harriers Celebrate 140th Anniversary—**That the Parliament celebrates the oldest athletics club in Scotland, the Clydesdale Harriers, on its 140th anniversary; understands that the athletics club, which was founded in 1885, first moved to Clydebank in the 1920s and provides athletes aged eight to 80 years old with coaching and support in track, field and road and hill racing; recognises the outstanding achievements of the Clydesdale Harriers over their many years of being established; congratulates the historic, community-focused, inclusive athletics club, and wishes the club many more years of being able to provide sporting opportunities and achievements that the people of Clydebank can be proud of.

***[S6M-16959](#) Monica Lennon: Public Health Scotland's Scottish Burden of Disease Study Report on the Future Prevalence and Burden of Chronic Liver Disease—**That the Parliament

welcomes the Public Health Scotland Scottish Burden of Disease study report, *Future prevalence and burden of chronic liver disease*; acknowledges the report's projection of a 54% increase in chronic liver disease between 2019 and 2044, meaning that, compared to 2019, 23,100 more people will be living with chronic liver disease in 2044; notes the finding that the majority, over 70%, of cases of chronic liver disease are caused by alcohol and that regularly drinking over 14 units a week increases the risk of developing such a condition; understands that any further increase in prevalence of chronic liver disease in Scotland is likely to increase demand for services; recognises the importance of effective prevention in reducing the number of people impacted by this condition and the need to improve early detection, such as by expanding the provision of non-invasive liver testing in community alcohol settings; considers that with alcohol-specific deaths at a reported 15-year high, there is need for an urgent government response and a new alcohol strategy, which includes primary, secondary and tertiary prevention measures, and believes that this will prevent future cases of chronic liver disease and enable those at high risk to be identified sooner and provided with care and support.

***S6M-16958 Kevin Stewart: Stop Treating Scotland as an Afterthought—**That the Parliament condemns the reported decision by Great British Energy to make its first awards of renewable energy funding almost entirely to England; notes reports that Great British Energy, in partnership with the UK Government, has announced funding of £100 million to schools in England, £80 million to hospitals in England and £6.8 million to local net zero hubs in England, but just £4.85 million for renewable energy schemes in Scotland; believes that this is evidence that the UK Government is operating an "England-first" policy that does not prioritise the best interests of Scotland or its people; posits that, for decades, oil recovered from the Scottish sector of the North Sea has been the backbone of the British economy; understands that Labour's manifesto for the 2024 General Election said that it would "make Scotland a clean energy super power", promising "investment in Scotland's clean energy potential" as well as "69,000 jobs in Scotland's clean energy industries", and calls on the UK Government to start making good on these promises by directing Great British Energy to focus its investments in Scottish renewable energy projects and for the UK Government to stop treating Scotland as what it sees as an afterthought.

Supported by: Bill Kidd*, Stuart McMillan*, Kenneth Gibson*, John Mason*, James Dornan*

***S6M-16956 Kevin Stewart: The Success of Seagully Blonde—**That the Parliament welcomes the announcement that the Aberdeen Student Show's 2025 production, *Seagully Blonde*, will support 50 charities from across the north east of Scotland, with chosen organisations spanning a wide range of aims and objectives; notes that the show will be performed at His Majesty's Theatre in Aberdeen from 23 to 26 April 2025; understands that it raised a record-breaking £156,323.96 for charities in Aberdeen City and Aberdeenshire with its previous production; further understands that the chosen charities include Down's Syndrome Scotland Aberdeen, which was chosen as the People's Choice Charity through a public vote; believes that four additional charities, SANDS, Hamish Dear's Warm Hugs, LATNEM and CLAN, have been awarded gold-level funding, which will see them receive the highest level of support packages from the student-led society; hopes that the production raises another record-breaking total for the chosen charities, and wishes the organisers and performers all the very best with the production.

***S6M-16955 Karen Adam: Recognition of Scottish Fishing Industry Leader—**That the Parliament congratulates Ian Gatt, who is the chief executive of the Scottish Pelagic Fishermen's Association, on being appointed a CBE; considers that this honour reflects Ian's significant contribution to Scotland's fishing sector, providing leadership, advocacy and wise counsel over

for the consortium; commends the impact of the campaign, including securing Scottish Government investment and increasing the number of changing places toilets across the UK; notes the Scottish Government's reintroduction of the previously promised £10 million investment to expand the provision of these essential facilities, ensuring more people can participate fully in society with dignity and respect; welcomes the development of a quality charter to establish high standards for changing places toilets nationwide, and calls on the Scottish Government, local authorities and businesses to continue prioritising accessibility and the right to appropriate toilet facilities for all.

***S6M-16948 Alex Rowley: Children in Palestine Deserve the Chance to Live—**That the Parliament is deeply concerned by reports that over 15,000 children and young people under 18 have been killed since the start of Israeli military operations in Gaza in October 2023; understands that, according to the most recent figures from the Gaza health ministry, of the 15,613 children killed, 890 were under the age of one, 274 were born and died during the course of the war and just over a quarter, 26%, were under five; recognises that the Gaza health ministry has recently reported the death toll of Palestinians in Gaza now reaching over 50,000, but believes that this figure is likely to be higher, with many thousands of bodies reported to still be under rubble; acknowledges the finding from a peer-reviewed study, which was published in *The Lancet* by researchers from a leading health research university, that the number of people killed may be significantly higher than the figure reported by authorities, by up to 41%; understands that the true number of deaths will also be significantly higher due to the disruption to healthcare and insufficient food, clean water and sanitation, as well as disease outbreaks; believes that the reporting from the UN that around 70% of all deaths in Gaza have been women and children is devastating; further believes that this situation cannot continue and constitutes one of the greatest humanitarian crises in current times, and calls on the UK Government to stop all arms sales to Israel and expand its efforts for a permanent ceasefire to all hostilities.

Progress of Legislation

A list of all Bills in progress can be accessed via the website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
