Debate on the subject of—

[S6M-18953](#) Ariane Burgess: Investing in Rail to Unlock the Wealth and Economic Potential of the Highlands—That the Parliament believes that the Highland Main Line is a crucial transport link supporting tourism, freight transport and many vibrant communities; understands with concern that, despite this, two thirds of the 118-mile line, which it considers to be a critical route, remains single track and diesel operated, resulting in journey times that are reportedly similar to those from the Victorian era; believes that this results in frequent delays and causes limited capacity for passengers and freight; notes what it sees as the economic opportunities that can be offered by expanding and improving the nation's rail network, including connecting communities and boosting sustainable freight capacity to support major industries, such as the whisky and forestry sectors in the Highlands; considers that the work of the Highland Main Line Community Rail Partnership has been fantastic in improving the rail network by finding uses for redundant buildings and supporting passenger services; acknowledges the work of Network Rail in exploring additional passing loops, and notes the view that the line should be electrified and dualled to develop more reliable and environmentally sustainable rail transport for communities in the Highlands and neighbouring regions, as well as inter-city commuters and tourists visiting the north of mainland Scotland.

Progress of Legislation

A list of all Bills in progress can be accessed via the website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
