Motions and amendments are usually printed the day after lodging. When an amendment is lodged, then the original motion will be republished alongside it.

Motions and amendments can be published with symbols:

- * before the number indicates publication for the first time
- *...* around a section of text indicates changes to previously published material
- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

Members' Business motions that have not achieved cross party support

***S6M-20795 Jackie Baillie: Recognising the Pressures Facing A&E Departments—**That the Parliament recognises the reported pressures facing A&E departments; is concerned that recorded waiting times are persistently high, with the number of people waiting more than 8 hours and 12 hours reported in 2025 as 171,854 and 74,052 respectively; notes the consequent rise in corridor care adversely affecting people in the Dumbarton constituency and across Scotland; considers that using the metric of acute hospital bed occupancy as the primary focus can help to relieve these pressures, and notes calls on the Scottish Government to ensure that reductions in occupancy act as the mechanism by which the whole system is held to account.

***S6M-20791 Clare Haughey: Closure of Bank of Scotland Branches—**That the Parliament notes with concern the reported decision by the Lloyds Banking Group to close 11 Bank of Scotland branches between June and July 2026, including the Rutherglen branch; understands that this is the latest in a series of bank closures across the UK; believes that these closures will have a significant impact on local residents, businesses and organisations that depend on high street banks for cash access and essential banking services, particularly older people, disabled people, small businesses and charities; considers that the closure of banks is hugely detrimental to the viability of local high streets, and notes the calls on the Lloyds Banking Group to reconsider its decision.

***[S6M-20788](#) Paul McLennan: Centring Survivors in Public Discussion of Sexual Abuse**—That the Parliament notes with deep concern recently reported revelations about historical associations between individuals in positions of power and those convicted of serious offences against women and children; recognises what it sees as the profound and lifelong impact that sexual abuse has on survivors, their families and communities; believes that public debate and media coverage must prioritise the voices, needs and experiences of victims and survivors, rather than those of powerful individuals whose actions or omissions may have enabled harm; condemns any attempt, explicit or implicit, to minimise, excuse or deflect attention from this harm; asserts that, too often, safeguarding is secondary to shielding authority figures, and that this must end decisively; believes that discussions of sexual abuse must not be distorted by efforts to protect the embarrassment, reputation or public standing of powerful men, and that survivor welfare must always take precedence; acknowledges the vital role of survivor-centred approaches in improving safeguarding, justice processes and societal understanding; commends the organisations, advocates and activists working tirelessly to support survivors of abuse, and calls on all public institutions, government bodies and political parties to ensure that discussions of sexual harm are rooted in accountability, trauma-informed practice and a commitment to preventing abuse and protecting children, women and girls.

Progress of Legislation

A list of all Bills in progress can be accessed via the website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 2.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
