Debate on the subject of—

[S6M-01536](#) Alexander Stewart: 100 Years of the Poppy in the UK—That the Parliament acknowledges that the first annual Poppy appeal was launched in the UK in November 1921; understands that in excess of nine million poppies were manufactured for this event and that they sold out almost immediately; believes that this raised more than £106,000, the equivalent of over £5.3 million today; notes that the money was put to assisting veterans in finding jobs and homes; believes this was the birth of an enduring symbol of the nation's gratitude for its veterans and helps provide them with a lifeline; acknowledges that, in Scotland, Lady Haig's Poppy Factory opened in 1926 at a former wood-cutting factory in the grounds of Whitefoord House on Edinburgh's Royal Mile; notes that it moved to the Warriston area of the capital in 1965;

recognises that its team of 34 disabled veterans hand-produce more than five million poppies and 15,000 wreaths annually; notes that the team relocated to Redford Barracks in 2019 to allow substantial refurbishment work to be carried out at the Factory, returning this summer; believes that, with the help of sales by organisations such as Poppyscotland, the Royal British Legion, the Ancre Somme Association Scotland and myriad Armed Forces' charities, this adoption as a symbol of charity right across the UK, including in the Mid-Scotland & Fife region, has seen the poppy transcend its purely metaphorical and commemorative status, additionally becoming a physical and palpable object with the single purpose of providing financial stability for men and women affected by war and conflict, and notes that people can also offer support by visiting the Poppyscotland website and purchasing from its pages at poppyscotlandstore.com. **R**

***S6M-02010 Michelle Thomson: Scottish Landfill Communities Funding for Slamannan—**That the Parliament welcomes funding of £24,631 through the Scottish Landfill Communities Fund supported by SUEZ Communities Trust, which has been awarded to Falkirk Council; understands that the Trust distributes landfill tax credits donated through SUEZ Recycling and Recovery UK to enhance communities; further understands that this funding has been awarded to upgrade The Rumlie in Slamannan, which is currently the site of a redundant football pitch and remnant play equipment with uneven ground and waterlogged areas; believes that the upgrades are expected to include a new graded path, tree planting, and meadow and wetland grass seeding, which will aim to create a safe and accessible community space for local residents to relax and enjoy the enhanced biodiversity and nature; congratulates Falkirk Council on being successfully awarded this funding, and looks forward to seeing The Rumlie restored in the near future.

***S6M-02009 Alasdair Allan: Wild Salmon Feature at COP26—**That the Parliament welcomes the efforts by leading salmon conservationists from around the world, including the Missing Salmon Alliance, who have joined forces to bring *Salmon School*, a life-size school of 350 mirrored salmon-like forms, sculpted from molten glass by Joseph Rossano and concerned artists from around the globe, to COP26; understands that, as part of the migration phase of *Salmon School*, the Clyde River Foundation has worked with pupils from 26 primary schools across the Clyde catchment area to inspire future stewards of rivers to learn more about the amazing life cycle of salmon and the challenges they face; recognises what it sees as the importance of wild Atlantic salmon to Scotland's cultural and natural heritage, and the rural economy; understands that wild salmon need free access to cold, clean water and that concerted action is required to protect salmon, and other native species, from what it sees as the twin crises of climate change and biodiversity loss, and notes the calls for the Scottish Government to ensure that the forthcoming wild salmon strategy and biodiversity strategy deliver what it considers the ambitious outcomes required to safeguard wild salmon.

***S6M-01985 Edward Mountain: Inverness Castle**—That the Parliament congratulates the Inverness Castle Delivery Group and its co-chairs, Helen Carmichael, Provost and Leader of Inverness and Area, and Fergus Ewing, for highlighting the work that is being carried out to Inverness Castle to create a gateway for Highland tourism; understands that a number of significant archaeological finds have been made during the works being carried out; notes the recent announcement by the Chancellor of the Exchequer, Rishi Sunak, that the Inverness Zero Carbon Cultural Regeneration Project has been awarded £19.86 million by the UK Government; understands that this will provide funding to improve Inverness Castle as a tourist attraction, with an emphasis on environmentally-friendly redevelopment, and believes that it is just one example of how the Highlands continues to benefit from being part of the UK.

***S6M-01890 Christine Grahame: Pensioner Poverty Increases Under UK Government**—That the Parliament notes the reports of analysis by the former UK Minister of State for Pensions, Sir Steve Webb, which it understands demonstrates that pensioners could lose £520 next year, and a cumulative £2,600 over the next five years, due to the scrapping of the “Triple Lock” for state pensions in the UK Budget, affecting what is reportedly around one million pensioners in Scotland; further notes reports that, in light of the Office for Budget Responsibility forecasting that inflation could rise by over 4% next year, millions of pensioners could end up with a real terms cut in their state pension; considers that this would be compounded by any move to scrap the free TV licence for over-75s and a the lack of any increase to key social security payments for pensioners, including the winter fuel payment, cold weather payment, and the warm homes discount, while energy bills increase; understands that, in March 2021, the UK Government's Households Below Average Income statistics revealed that UK pensioner poverty levels have risen to a 15-year high, with 2.1 million UK pensioners (18%) now living in poverty after housing costs, an increase of 200,000 on 2018; further understands that Scotland's pensioners reportedly already have among the least generous pensions in north west Europe, receiving around a quarter (28%) of the average working wage, while pensioners in Luxembourg and Austria receive 90%, and considers that the current UK administration is making the situation even worse; further considers that, without Scottish independence, Scotland's pensioners will continue to be vulnerable and undervalued under UK Government rule. **R**

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

(lodged 9 November 2021)

The proposal was accompanied by a statement of reasons, which is accessible online via the website page referred to above, or in the Scottish Parliament Information Centre (SPICe).

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
