Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.

Official Report, meeting of the Parliament, Thursday 3 March 2022 **Correction**

Keith Brown has identified an error in his contribution and has provided the following correction.

At column 93, paragraph 8 –

Original text – I will respond directly to Mr Kerr's question. On 24 January, a member of the Scottish Prison Service who was using the system found an issue with it. They contacted the help desk that is provided by those who are there to support the system. They had to be certain that it was not an individual user issue, and it took time to do that. They ran tests in parallel with the system. That took until 23 February.

Corrected text – I will respond directly to Mr Kerr's question. On 13 January, a member of the Scottish Prison Service who was using the system found an issue with the system and contacted the helpdesk. They had to be certain that it was not an individual user issue, and it took time to do that. They ran tests in parallel with the system. That took until 23 February.

Members' corrections are published alongside, but do not replace, the original contribution and can be accessed via the Scottish Parliament website at:

Corrections will be listed on the members' corrections page of the Scottish Parliament website until the end of the session in which the correction was made. After that the correction will still be available in the Official Report of the relevant meeting.
