Debate on the subject of—

[S6M-03137](#) Michelle Thomson: Women in Business—That the Parliament acknowledges what it sees as the vital role played by women in business, including in the Falkirk East constituency; believes that diversity in business leadership is vital for a healthy economy; notes reports that female entrepreneurs and business leaders often face particular barriers in accessing finance and investment; recognises what it sees as the pioneering research undertaken by Women's Enterprise Scotland; understands that the research shows that women reportedly start their businesses with 53% less capital than men do, ask for 30% less funding and consequently, it believes, are often hugely under-capitalised from the outset; further understands that, according to the research, only 14% of all capital raised went to women-led businesses, and that less than 15% of the UK's business angels are women; notes the initiatives taken by the Scottish Government to support and promote women in business, and further notes the growing recognition that removing barriers to women will enhance leadership, decision making, ethics and performance in the business community.

Motions for Debate

***[S6M-04320](#) Jamie Greene: Tackling Violent Crime**—That the Parliament notes with concern that the number of police-recorded violent crimes is at its highest level in a decade; further notes that Scottish Government decisions have contributed to this rise by underfunding the police, which has led to full-time police officer numbers being at their lowest level since 2008; recognises that the Scottish Government's justice strategy is failing victims of crime, as is evident through the 931,991 hours of community sentences that have been written off or not yet carried out; notes that organised crime and domestic abuse contribute to a deteriorating picture of crimes of violence in Scotland, and urges the Scottish Government to take action to address this; recognises that the Scottish Government's justice strategy is failing to keep the public safe by diverting dangerous criminals away from prison, instead allowing them to carry out inadequate non-custodial alternatives; believes that proposals such as those outlined in the Scottish Government's consultation on bail and release from custody arrangements, which include proposals to automatically release offenders after serving just a third of their prison sentence, do not address the shift in balance in the justice system away from victims, and further distil a lack of confidence in sentencing, and calls, therefore, on the Scottish Government to change strategy by acknowledging that punishment remains an important part of the criminal justice system, and to support proposals contained in the proposed Victims, Criminal Justice and Fatal Accident Inquiries (Scotland) Bill, such as the introduction of Michelle's Law and Suzanne's Law, to improve the landscape of support for the victims of crime, which it believes is currently letting down too many in society.

***[S6M-04319](#) Graham Simpson: Ferry Procurement**—That the Parliament believes that the way the Scottish Government has been running ferry services has been a scandal; calls on the Scottish Government to say why it awarded the contract for ferries 801 and 802 to Ferguson Marine Engineering Limited against the advice of its own experts; is concerned about why 15 stage payments were agreed for each ferry; notes concerns that the deal may have broken EU state aid rules; further notes concerns that the lack of documentary evidence to explain the contract award could be in breach of the law; is disappointed that the Scottish Government failed to listen to the experienced workforce who had concerns about the management of the yard; believes that the yard could have survived without the orders for vessels 801 and 802; agrees with the view of the majority of people in Scotland who think that the Scottish National Party

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
