followed by Scottish Government Debate: The National Drugs Mission: Taking Concrete Action to Tackle Stigma

[S6M-06924](#) Angela Constance: The National Drugs Mission: Taking Concrete Action to Tackle Stigma—That the Parliament acknowledges that stigma prevents people from seeking the help and support that they need and that using language that de-humanises people is harmful; recognises that tackling stigma is everyone's responsibility and that the existence of stigma diminishes all communities as it creates unreasonable and unnecessary barriers for people in all aspects of their lives; agrees that problem drug use is a health issue and that people who experience it deserve parity of treatment as with any other long-term, life-affecting health condition; believes that every individual's experience of recovery is unique and should not be stigmatised, and that people with experience of problem drug use and their families should be treated with dignity, respect and equity; recognises that treating substance dependence as if it were included as part of the protected characteristic of disability, would contribute to a more fair and just society; supports strengthening the meaningful involvement of people with experience of problem drug use in their local communities and wider society in the development and implementation of policy; calls on all MSPs to lead by example in challenging the stigma of people who use drugs and their families, and welcomes the planned publication by the Scottish Government of a Stigma Action Plan, which should embed these principles and drive action on the stated commitments.

The Presiding Officer has selected the following amendments

S6M-06924.1 Sue Webber: The National Drugs Mission: Taking Concrete Action to Tackle Stigma—As an amendment to motion S6M-06924 in the name of Angela Constance (The National Drugs Mission: Taking Concrete Action to Tackle Stigma), leave out from "calls" to end and insert "notes that FAVOR UK's report, *One Year Report – Blueprint to Save Lives*, published on 21 November 2022, highlights significant challenges faced by those affected by a drug addiction, including many individuals being required to wait for years to access vital treatment; is concerned that, despite multiple action plans, Scotland still has the highest drug death rate in Europe, and 3.7 times higher than the UK as a whole; expresses concern that stigma is especially problematic amongst those with hepatitis C, with 90% of new hepatitis C infections occurring through sharing contaminated injecting equipment; urges the Scottish Government to implement the recommendations of the Scottish Drug Deaths Taskforce, particularly in regards to the "no wrong door" approach, which will stop people struggling with drug use being turned away from service providers, and calls on the Scottish Government to back the Proposed Right to Addiction Recovery (Scotland) Bill, which would enshrine in law a right to treatment, so that all those affected by addiction in Scotland can get the support they need."

S6M-06924.2 Claire Baker: The National Drugs Mission: Taking Concrete Action to Tackle Stigma—As an amendment to motion S6M-06924 in the name of Angela Constance (The National Drugs Mission: Taking Concrete Action to Tackle Stigma), insert at end "; recognises that drug deaths and wider drug-related harms disproportionately impact on the most deprived communities; believes that tackling substance use requires policies that address poverty, deprivation and Scotland's wider health inequalities; agrees that people with an addiction should be able to access the full range of drug treatment and mental health services wherever they live; regrets the delays in fully implementing the Medication Assisted Treatment (MAT) standards, and agrees that the standards have an essential role to play in tackling the drug deaths crisis and wider drug-related harms; acknowledges that there is a need to know not only the number of people who have tragically lost their lives to a drug overdose, but also due to health conditions caused by long-term problematic drug use, including, for example, cardiovascular disease, end-stage liver disease, HIV or hepatitis C, and believes that such information is essential to inform policy, direct resources and save lives."

Motions

Motions and amendments are usually printed the day after lodging. When an amendment is lodged, then the original motion will be republished alongside it.

Motions and amendments can be published with symbols:

- * before the number indicates publication for the first time
- *...* around a section of text indicates changes to previously published material
- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

***S6M-06894 Audrey Nicoll: SAMH Report on Mental Healthcare and Treatment During the COVID-19 Pandemic**—That the Parliament welcomes the publication of the SAMH report, *Still Forgotten? Mental Health Care and Treatment During the Coronavirus Pandemic*; notes that this is the final report following a series of studies carried out between 2020 and 2022, focusing on the impact of mental health services during the COVID-19 pandemic on those already receiving mental health support; understands that findings of the report are informed by the experience of over 1,500 people and includes what it sees as ongoing challenges associated with changes to mental healthcare and treatment, such as a move away from face-to-face care and treatment, which, it believes has persisted throughout 2021-22 despite remobilisation of the NHS, and hopes that findings from the research will positively inform mental healthcare and treatment across Scotland and the Aberdeen South and North Kincardine constituency, and inform the upcoming renewed Scottish Government Mental Health and Wellbeing Strategy.

S6W-12484 Miles Briggs: To ask the Scottish Government how many short-term let businesses currently operate in Scotland.

S6W-12485 Jamie Greene: To ask the Scottish Government how many (a) adults and (b) children have been admitted to hospital with a primary diagnosis of asthma in NHS (i) Greater Glasgow and Clyde and (ii) Ayrshire and Arran in (A) 2011, (B) 2016, (C) 2020, (D) 2021 and (E) 2022 to date.

S6W-12486 Miles Briggs: To ask the Scottish Government, further to the debate on chronic pain services on 16 November 2022, during which several members expressed support for NHS specialist chronic pain services being provided as a priority for patients requiring treatment following a referral from a clinician, whether it will clarify whether (a) specialist chronic pain services will be protected and (b) it will analyse relevant staffing levels, in order to decrease waiting times for these services.

S6W-12487 Jamie Greene: To ask the Scottish Government how many times Legionnaires' disease has been detected on the Police Scotland estate in each year since 2013.

S6W-12488 Maurice Golden: To ask the Scottish Government what the (a) source data and (b) calculation methodology was for the tonnage figures provided for drinks containers collected annually, as shown in Table 1 in the publication, *A Deposit Return Scheme for Scotland - Summary*.

S6W-12489 Jackson Carlaw: To ask the Scottish Government whether it has made any assessment of the analysis reported by the NICE medical technologies advisory committee for England and Wales that states that a footwear device from AposHealth, to support people with osteoarthritis in their knee, may have the potential to save the NHS £1,958 per patient, with the cost of the footwear estimated at £875 per patient.

S6W-12490 Jackson Carlaw: To ask the Scottish Government what its position is on the reported recommendations by the NICE medical technologies advisory committee for England and Wales that AposHealth footwear should be available for people (a) with osteoarthritis if their standard surgical care has produced a sub-optimal result and (b) who are eligible for total knee replacement surgery but are unable or would prefer not to undergo this procedure.

S6W-12491 Jackson Carlaw: To ask the Scottish Government whether any Scotland-specific analysis of AposHealth footwear has been commissioned, and whether it will consider offering this as a treatment option in each NHS board region.

[S6W-12493](#) Donald Cameron: To ask the Scottish Government whether it has set a deadline for unlocking the reported £200 million of local authority investment in low-carbon infrastructure through its Green Growth Accelerator programme, and, if so, what that date is.

[S6W-12494](#) Donald Cameron: To ask the Scottish Government whether it will provide a breakdown by local authority of the total amount of funding allocated from the Green Growth Accelerator programme.

[S6W-12495](#) Donald Cameron: To ask the Scottish Government by what means it decides which low-carbon infrastructure projects receive Green Growth Accelerator funding.

[S6W-12496](#) Miles Briggs: To ask the Scottish Government what part infusions and injections will have in future plans to treat chronic pain.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

[Proposals for Bills – Scottish Parliament | Scottish Parliament Website](#)

Final Proposals for Member's Bills

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
