Dear Rob,

**CAP PAYMENTS**

I am writing to provide the Committee with an update on progress with CAP payments (figures as at Wednesday 24 February). In Parliament earlier this week, I indicated that we were approaching 50 per cent of first instalment payments paid to farmers and crofters. I can confirm that from the very latest figures this morning, we have now exceeded 50 per cent. I have included these latest figures within the standard weekly report.

I would also like to provide an update on the Scottish Government backed CashFlow Loan Scheme. I can confirm that the scheme opened for applications on Monday 22 February, and we have had a number of expressions of interest. As the Committee will remember, the process requires the farmer to go via their bank first. My officials are continuing regular discussions with the banks to monitor the situation and we will give a further update next week.

I am again meeting with industry representatives next Thursday 3 March, to provide further updates and hear any concerns directly.

I will continue to provide you with regular progress updates on a weekly basis and share the same information with stakeholder organisations.

Yours sincerely,

Richard Lochhead
