PART 1
LOW EMISSION ZONES
CHAPTER 1
EFFECT OF A LOW EMISSION ZONE SCHEME

1 Restriction on driving within a zone

(1) A person may not drive a vehicle on a road within a low emission zone in contravention of the terms of a low emission zone scheme unless—

(a) the vehicle meets the specified emission standard, or

(b) the vehicle is exempt by virtue of subsection (4)(b) or section 12.

(2) Where a person drives a vehicle on a road within a low emission zone in contravention of subsection (1), a penalty charge is payable in respect of the contravention.

(3) But, despite subsection (2), if—

(a) the same vehicle is driven within the same low emission zone in contravention of subsection (1) on more than one occasion in the course of the same day, and

(b) the person to whom the penalty charge notice would be issued in respect of those contraventions is the same person,

only one penalty charge is payable in respect of the contraventions.
(4) The Scottish Ministers may by regulations—

(a) make provision for or in connection with the specification of the emission standard for the purpose of subsection (1)(a),

(b) specify vehicles or types of vehicle which are exempt for the purpose of subsection (1)(b),

(c) make provision for or in connection with the amount that may be imposed as a penalty charge under subsection (2) (which may include provision for discounts and surcharges).

2 Proving contraventions and issue of a penalty charge notice

(1) The fact that a person was driving a vehicle on a road within a low emission zone may be established only on the basis of a record produced by an approved device.

(2) A record obtained from the Secretary of State certifying a vehicle’s emission standard is determinative of whether the vehicle meets the specified emission standard.

(3) Where a local authority considers that a penalty charge is payable under section 1(2) in respect of a low emission zone scheme it has made, it may issue, or make arrangements relating to the issue of, a penalty charge notice in accordance with regulations under section 3(1).

(4) A penalty charge under section 1(2) is payable to the local authority which issued the penalty charge notice—

(a) by the registered keeper of the vehicle, or

(b) in such circumstances as the Scottish Ministers by regulations specify, by such other person as is so specified.

3 Enforcement

(1) The Scottish Ministers may by regulations make provision for or in connection with the enforcement of low emission zone schemes.

(2) Regulations under subsection (1) may, in particular, make provision for or about—

(a) penalty charge notices (including the form, content and method of issue),

(b) the timing and manner of payment of a penalty charge,

(c) reviews and appeals (including grounds of review or appeal) in connection with the issuing of penalty charge notices,

(d) the manner in which a penalty charge notice may be enforced,

(e) steps that may be taken following the cancellation of a penalty charge notice (including the issuing of another penalty charge notice in respect of the same contravention),

(f) enabling local authorities to enter into arrangements with any person in connection with the exercise of a function conferred on a local authority by the regulations or under section 2.

(3) Regulations under subsection (1) may include provision—

(a) creating offences,
(b) about the records to be produced by or in connection with approved devices (including what constitutes sufficient evidence of a fact).

(4) The maximum penalty that may be provided for in regulations under subsection (1) creating offences is, on summary conviction, a fine not exceeding level 5 on the standard scale.

CHAPTER 2
CREATION AND MODIFICATION OF A LOW EMISSION ZONE SCHEME

Process

4 Power to make or modify a low emission zone scheme

(1) At any time, a local authority may (in accordance with this Chapter)—

(a) make a low emission zone scheme for all or part of its area,
(b) amend or revoke a low emission zone scheme made by it.

(2) Where two or more local authorities act jointly to make a low emission zone scheme—

(a) they must continue to act jointly in relation to the scheme in all respects, and
(b) a reference to the area of a local authority is a reference to the combined areas of those authorities.

5 Ministerial approval

(1) A low emission zone scheme cannot be made, amended or revoked unless the proposal to make, amend or revoke the scheme is approved by the Scottish Ministers.

(2) In approving the making, amendment or revocation of a low emission zone scheme, the Scottish Ministers may make such modifications to the proposal as they consider appropriate.

(3) In considering whether to approve the making, amendment or revocation of a low emission zone scheme, the Scottish Ministers may consult, or require the local authority whose proposal it is to consult, such persons as Ministers consider appropriate.

6 Prior consultation

Before a local authority asks the Scottish Ministers to approve the making, amendment or revocation of a low emission zone scheme, it must consult—

(a) the Scottish Environment Protection Agency,
(b) Scottish Natural Heritage,
(c) Historic Environment Scotland,
(d) such persons as the authority considers represent the interests of—

(i) the road haulage industry,
(ii) the bus and coach industry,
(iii) the taxi and private hire car industry,
(iv) local businesses, and
(v) drivers,
likely to be affected by the proposal,
(e) such persons (if any) as are specified by the Scottish Ministers in regulations,
(f) such other persons as the authority considers appropriate.

7 Local inquiries
(1) Both—
(a) the local authority proposing to make, amend or revoke a low emission zone scheme, and
(b) the Scottish Ministers,
may cause an inquiry into the proposal to be held and appoint the person by whom it is to be held.
(2) Subsections (3) to (8) of section 210 of the Local Government (Scotland) Act 1973 (provisions relating to local inquiries) apply in relation to an inquiry under subsection (1) as they apply in relation to an inquiry under that section.

8 Ministers’ power to regulate process
The Scottish Ministers may by regulations make provision about the procedures in relation to low emission zone schemes including, in particular, provision—
(a) specifying the form of a scheme, or any amendment to or revocation of it,
(b) about consultation on proposals (including the publication of proposals and the making and consideration of representations),
(c) about the publication of notice of the making, amendment or revocation of a scheme and of their effect.

9 Required content of a scheme
(1) A low emission zone scheme must specify—
(a) the zone to which it relates, which must be specified—
   (i) by reference to an area on a map, and
   (ii) by specifying the roads (or parts of a road) which form part of the zone,
(b) the date on which the scheme comes into effect,
(c) the scheme’s objectives,
(d) the grace periods applicable under section 10.
(2) Where a low emission zone scheme is made by two or more local authorities jointly, the scheme must make provision as to how any monies received from penalty charges in respect of the scheme are to be apportioned between (or among) those authorities.
(3) For the purpose of subsection (1)(a)(ii), a low emission zone scheme may not specify—
(a) a private road, or
(b) a special road, within the meaning of section 151(1) of the Roads (Scotland) Act 1984.

(4) The objectives specified under subsection (1)(c) must include an objective of contributing towards meeting the air quality objectives prescribed under section 87(1) of the Environment Act 1995 (regulations about air quality).

(5) A scheme may make different provision for different purposes or areas.

10 Grace period

(1) Section 1(1) is not contravened by a vehicle being driven on a road within a low emission zone prior to the expiry of the applicable grace period.

(2) In subsection (1), “the applicable grace period” means the period that the low emission zone scheme specifies as applying—

(a) in relation to the road, or part of the road, on which the vehicle was driven, and

(b) to the individual who is the registered keeper of the vehicle.

(3) A low emission zone scheme must specify—

(a) a grace period that applies to individuals whose registered address in respect of the vehicle is a residential property within the zone (“residents”), and

(b) a grace period that applies to individuals whose registered address is not (“non-residents”).

(4) A grace period begins on the day the low emission zone scheme comes into effect.

(5) The grace period applicable to non-residents must expire—

(a) not less than 1 year after it begins, and

(b) not more than 4 years after it begins.

(6) The grace period applicable to residents must expire—

(a) not less than 1 year after the expiry of the grace period applicable to non-residents, and

(b) not more than 2 years after the expiry of that period.

(7) Subsections (4) to (6) are subject to section 11.

11 Grace periods: further provision

(1) Subsections (2) to (5) apply where a road or part of a road—

(a) forms, or has formed, part of a zone to which a low emission zone scheme (“the original scheme”) relates, and

(b) is to become, within 12 months of the original scheme ceasing to have effect in relation to the road or part of a road, part of a zone to which a low emission zone scheme (“the subsequent scheme”) relates.

(2) If—

(a) a grace period is specified as applying to the road or part of a road in the original scheme, and
(b) that period has expired, or is due to expire, before the road or part of a road becomes part of the zone to which the subsequent scheme relates,

no grace period of the same type may be specified as applying to the road or part of a road in the subsequent scheme.

(3) For the purposes of subsection (2), grace periods are of the same type as one another if they are both specified (or to be specified) in accordance with the same subsection of section 10.

(4) If—

(a) a grace period is specified as applying to the road or part of a road in the original scheme, and

(b) that period is not due to expire before the road or part of a road becomes part of the zone to which the subsequent scheme relates,

subsection (5) applies.

(5) In the circumstances described in subsection (4), the maximum length of the grace period that may be specified as applying to the road or part of a road in the subsequent scheme is to be reduced by the length of time that a grace period will have applied to the road or part of a road when it becomes part of the zone to which the subsequent scheme relates.

(6) Where—

(a) a low emission zone scheme is modified to include a road or part of a road that did not previously form part of the zone to which the scheme relates, and

(b) the road or part of a road has not formed part of a zone to which a low emission zone scheme relates within the period of 12 months prior to the modification taking effect,

subsection (7) applies.

(7) In the circumstances described in subsection (6)—

(a) grace periods must be specified as applying to the road or part of a road in the modified scheme mentioned in subsection (6)(a), and

(b) those periods are to be specified on the basis that—

(i) section 10(4) does not apply, and

(ii) the grace periods begin on the day the modification takes effect.

12 Time-limited exemptions

(1) A low emission zone scheme may provide for the granting and renewal, by the local authority which made the scheme, of a time-limited exemption in respect of a vehicle or type of vehicle for the purpose of section 1(1)(b).

(2) Where a low emission zone scheme makes provision for time-limited exemptions under subsection (1), it must specify—

(a) the circumstances in which the local authority must, may or must not grant or renew an exemption,
(b) the maximum period for which an exemption may be granted (which must be no longer than 1 year).

(3) A time-limited exemption granted or renewed by virtue of subsection (1) is subject to such conditions or restrictions as are specified by the local authority in the grant or renewal.

13 Power to alter operating hours

(1) Subject to subsection (2), a low emission zone operates at all times.

(2) A low emission zone scheme may specify different rules as to when a zone operates.

14 Ministers’ power to specify additional content

The Scottish Ministers may by regulations prescribe further information that may or must be included in a low emission zone scheme.

CHAPTER 3

OPERATION OF A LOW EMISSION ZONE SCHEME

Equipment and signs

15 Use of equipment

(1) This section applies where a local authority has made a low emission zone scheme.

(2) The traffic authority for a road may—

(a) install and maintain, or secure the installation and maintenance of, approved devices,

(b) construct and maintain, or secure the construction and maintenance of, buildings or other structures,

on a road for use for or in connection with the operation of the scheme.

(3) The traffic authority may remove anything installed or constructed under subsection (2).

16 Approved devices

(1) The Scottish Ministers may by regulations make provision for or about the approval of devices to be used for or in connection with the operation of a low emission zone scheme.

(2) A device may not be used for or in connection with the operation of a low emission zone scheme if—

(a) regulations under subsection (1) make provision for or about the approval of that type of device, and

(b) the device is not of a type approved by virtue of the regulations.

17 Traffic signs

(1) Where—

(a) a local authority has made a low emission zone scheme, and
(b) a traffic authority has placed, or secured the placement of, a traffic sign on or near a road in connection with the scheme,

the traffic authority for the road on which a sign has been placed must maintain, or secure the maintenance of, that sign.

(2) In subsection (1), “traffic sign” has the same meaning as in section 64(1) of the Road Traffic Regulation Act 1984 (general provision as to traffic signs).

**Temporary suspension for events**

(1) A local authority may suspend the operation of a low emission zone scheme for a specified period where the authority considers it appropriate to do so for the purposes of an event which—

(a) is being held within, or in the vicinity of, the zone to which the scheme relates, and

(b) the local authority considers to be of national importance.

(2) This section is without prejudice to a local authority’s ability to specify, by virtue of section 13(2), rules in a low emission zone scheme as to when a zone operates.

**Finances and reporting etc.**

(1) The Scottish Ministers may make grants—

(a) to a person to meet, or help towards meeting, the person’s costs in making alterations to a vehicle in order to reduce its emissions,

(b) to a local authority to meet, or help towards meeting, its costs in—

(i) determining whether to make a low emission zone scheme,

(ii) making a scheme,

(iii) operating a scheme.

(2) A grant under this section is subject to such conditions (including as to repayment) as the Scottish Ministers determine.

**Financial powers etc.**

A local authority may—

(a) incur expenditure in or in connection with determining whether to make, making and operating a low emission zone scheme,

(b) enter into arrangements (including arrangements for forming or participating in companies) with any person—

(i) in connection with the making or operation of a scheme, or

(ii) relating to the installation or operation of any equipment used or to be used for or in connection with the operation of a scheme.
21 **Application of penalty charges**

Any monies received from penalty charges in respect of a low emission zone scheme may be applied by the local authority only for the purposes of—

(a) facilitating (directly or indirectly) the achievement of the scheme’s objectives, and

(b) making any repayments required as a condition of a grant under section 19(1)(b).

22 **Accounts**

(1) The Scottish Ministers may by regulations make provision for or about the keeping of accounts by local authorities in connection with their functions under this Part.

(2) Regulations under subsection (1) may, in particular—

(a) specify the form of the accounts,

(b) require the publication of a statement of account, and specify the manner in which it must be published,

(c) make provision about what may, or must, be done jointly where a low emission zone scheme is made jointly.

23 **Annual report**

A local authority which is operating a low emission zone scheme during a financial year must, as soon as reasonably practicable after the end of the financial year—

(a) prepare an annual report on the operation and effectiveness of the scheme,

(b) publish the report in such manner as it considers appropriate, and

(c) send a copy of the report to the Scottish Ministers.

**Performance of a scheme**

24 **Direction to carry out a review**

(1) The Scottish Ministers may give a direction to a local authority requiring it to carry out a review of the operation and effectiveness of a low emission zone scheme operated by it.

(2) A review must include—

(a) an assessment of whether the scheme’s objectives are being achieved or are likely to be achieved within a reasonable period,

(b) an assessment of the ways (if any) in which the scheme’s objectives are not being achieved or are not likely to be achieved within a reasonable period,

(c) the identification of any areas of the zone to which the scheme relates in which the scheme’s objectives are not being achieved or are not likely to be achieved within a reasonable period,

(d) such other matters as are specified in the direction.

(3) On completion of a review, the local authority must—

(a) prepare a report of the review’s findings, and

(b) give a copy of the report to the Scottish Ministers.
(4) A direction under subsection (1) must—
   (a) be in writing,
   (b) be published in such manner as the Scottish Ministers consider appropriate as soon as reasonably practicable after it is given.

(5) The Scottish Ministers may amend or revoke a direction given under subsection (1).

(6) Subsection (4) applies to the amendment or revocation of a direction under subsection (1) as it applies to the direction.

25 Action following a review

(1) After receiving a report under section 24, the Scottish Ministers may give a direction to a local authority requiring it to take such steps as are specified in the direction if the Scottish Ministers consider that—
   (a) the scheme’s objectives are not being achieved, and are not likely to be achieved within a reasonable period,
   (b) the local authority has failed to discharge any duty imposed on it under or by virtue of this Part,
   (c) the actions, or proposed actions, of the local authority in purported compliance with provision made under or by virtue of this Part are inappropriate in all the circumstances of the case, or
   (d) developments in science or technology, or material changes in circumstances, have rendered inappropriate the actions or proposed actions of a local authority in pursuance of the provision made under or by virtue of this Part.

(2) A direction under subsection (1) must—
   (a) be in writing,
   (b) be published in such manner as the Scottish Ministers consider appropriate as soon as reasonably practicable after it is given.

(3) The Scottish Ministers may amend or revoke a direction given under subsection (1).

(4) Subsection (2) applies to the amendment or revocation of a direction under subsection (1) as it applies to the direction.

CHAPTER 4

(2) The Scottish Ministers must publish any such guidance in such manner as they consider appropriate as soon as reasonably practicable after it has been given.
27 Interpretation of Part

PART 2

BUS SERVICES

Provision of local services by local authorities

28 Provision of local services by local authorities

(1) The Transport Act 1985 is amended as follows.

(2) In section 63 (functions of local authorities with respect to passenger transport)—

(a) in subsection (5)(aa)(i), after “provided” insert “(otherwise than under section 71A),”,

(b) in subsection (6)(a)—

(i) after “services” where it second occurs insert “or council-provided services”,

(ii) after “services” where it fourth occurs insert “or council-provided services”,

(c) in subsection (8), after “section” insert “or under section 71A(2),”,

(d) after subsection (9) insert—

“(9A) For the purposes of subsection (6), references to council-provided services are references to local services provided under section 71A(2).”.

(3) In section 66(1) (exclusion of powers of certain councils to run bus undertakings), for “section 71” insert “sections 71 and 71A”.

(4) After section 71 insert—

"71A Exemption for provision of local services to address unmet requirements

(1) Subsection (2) applies where a council consider under section 63(2)(a) that it is appropriate to take action to secure the provision of local services to meet a public transport requirement.

(2) The council may provide such local services as they consider necessary in order to meet the public transport requirement.”.

Bus services improvement partnerships

29 Bus services improvement partnerships

(1) The Transport (Scotland) Act 2001 is amended as follows.

(2) For sections 3 to 12 (including the italic heading immediately preceding section 3), substitute—

"CHAPTER 1

BUS SERVICES IMPROVEMENT PARTNERSHIPS

Partnership plans and schemes

3A Bus services improvement partnership plans

(1) A local transport authority may, if they consider it appropriate to do so, make a bus services improvement partnership plan (a “partnership plan”) in relation to the whole or part of their area.

(2) A partnership plan is a plan that—

(a) specifies the area and the period to which the plan relates,

(b) sets out for the area—

(i) an analysis of the local services,

(ii) policies relating to the local services,

(iii) objectives to be met within the period as regards the quality and effectiveness of the local services provided,

(c) describes how the partnership scheme (or schemes) to be made at the same time as the partnership plan (see section 3B) is intended to assist in implementing the policies and meeting the objectives, and

(d) describes the intended effect of any such scheme (or schemes) on areas which are adjacent to the plan’s area.

(3) A partnership plan must also—

(a) describe the proposals for obtaining the views of users of local services in the area about how well the plan and the partnership scheme (or schemes) are working, and

(b) specify how the plan is to be reviewed and the dates by which reviews are to be completed.

(4) To make a partnership plan a local transport authority must comply with Part 1 of schedule A1.
3B Schemes to implement bus services partnership plans

(1) A local transport authority must, at the same time as making a partnership plan, make one or more bus services improvement partnership schemes (a “partnership scheme”) relating to the whole or part of the area to which the plan relates.

(2) A local transport authority that have made a partnership plan may make such further partnership schemes relating to the whole or part of the area of the partnership plan as they consider appropriate.

(3) A partnership scheme is a scheme that—

   (a) specifies the area and the period to which the scheme relates,
   (b) imposes one or more service standards in relation to the local services that have one or more stopping places in that area, and
   (c) specifies one or more—
      (i) facilities to be provided in the area as part of the scheme, or
      (ii) measures to be taken under the scheme,
      by the local transport authority.

(4) A partnership scheme may—

   (a) provide for the exemption of such local services or such descriptions of local services as the scheme may specify, and
   (b) specify conditions (if any) as to when such exemptions are to apply.

(5) A partnership scheme may also include requirements for the taking of actions in order to facilitate the operation of the partnership scheme.

(6) A partnership scheme may be made only if the local transport authority are satisfied that—

   (a) the scheme will contribute to the implementation of—
      (i) the policies set out in the partnership plan to which it relates, and
      (ii) the authority’s relevant general policies, and
   (b) the scheme will—
      (i) bring benefits to persons using local services in the whole or any part of the area to which the scheme relates by improving the quality or effectiveness of those services, or
      (ii) reduce or limit traffic congestion, noise or air pollution.

(7) Any specified facility must be provided at specific locations along routes served, or proposed to be served, by local services within the area of the partnership scheme.

(8) Nothing that a local transport authority are required to provide or secure the provision of by virtue of section 33 or 34 is to be specified as a facility or measure for the purposes of a partnership scheme.

(9) A partnership scheme must specify how its operation is to be reviewed and the dates by which reviews are to be completed.
A partnership scheme may provide for circumstances in which it may be varied or revoked in accordance with the provisions of the scheme (rather than under section 3H or, as the case may be, 3I).

To make a partnership scheme a local transport authority must comply with Part 1 of schedule A1.

3C Partnership schemes: service standards

(1) The service standards that a partnership scheme may impose include requirements—

(a) in relation to the frequency or timing of particular local services or local services of particular descriptions (a “route service standard”), or

(b) in relation to any other matter relating to the standard of service that is to be provided (an “operational service standard”).

(2) A route service standard may, in particular, determine the frequency or timing allowed in relation to a local service—

(a) by reference only to that service,

(b) by reference to that service and other local services, taken together.

(3) An operational service standard may, in particular, impose requirements about—

(a) the vehicles which are used to provide services,

(b) the maximum fares that may be charged for particular journeys, or for journeys of particular descriptions on services to which the scheme applies,

(c) ticketing and the manner in which entitlement to travel may be evidenced,

(d) the pricing of multi-operator travel cards,

(e) the provision of information to the public about local services,

(f) the dates on which the timing of local services may be changed.

(4) A partnership scheme may not impose service standards in relation to the use of vehicles under permits granted under section 22 of the 1985 Act.

(5) A service standard imposed by a partnership scheme has effect only in relation to so much of a local service as is provided in the area to which the scheme relates.

(6) The Scottish Ministers may by regulations define the expression “multi-operator travel cards” for the purposes of this section.

3D Route service standards: modification for overprovision

(1) This section applies where—

(a) a partnership scheme is in operation,

(b) a route service standard imposed by the scheme applies to a service registered under section 6 of the 1985 Act, and
(c) the local transport authority who made the scheme are satisfied that, due to an increase (or an expected increase) in the number of operators registered in respect of the area of the scheme, the service cannot be provided in accordance with the route service standard.

The local transport authority must modify the route service standard in such manner as is necessary to take account of the number of registered operators (or expected number of such operators) to enable the service to be provided in accordance with the service standard.

(3) A modification of a route service standard under this section is to be treated as a variation under section 3H of the partnership scheme which imposed the service standard and paragraph 18(3) of schedule 1A applies to the modification as it does to such a variation.

(4) Without limit to the generality of section 3L, the Scottish Ministers may by regulations make further provision about the modification of route service standards under this section, including, in particular, provision—

(a) about the process that a local transport authority must comply with before making a modification under this section,

(b) about the circumstances in which a modification may be postponed and the process to be followed to postpone a modification,

(c) specifying circumstances in which this section is not to apply.

3E Partnership schemes: Scottish Ministers’ traffic regulation orders

(1) This section applies if, in relation to a proposed partnership scheme or the proposed variation of an existing scheme, the provision of a facility requires the making of a traffic regulation order in respect of a road for which the Scottish Ministers are the traffic authority.

(2) The partnership scheme may not be made or varied unless it is made or varied by the local transport authority and the Scottish Ministers acting jointly.

3F Effect of partnership plans and schemes

(1) If a partnership scheme imposes a service standard in relation to a local service, the operator of the service must comply with the service standard.

(2) If a partnership scheme requires a local transport authority or, where section 3E applies, the Scottish Ministers, to provide a facility, they must—

(a) provide the facility not later than the date specified in the scheme for its provision (subject to the local transport authority postponing its coming into operation under section 3G(1) or 3H(4)),

(b) continue to provide the facility for the remainder of the period for which the scheme is in operation.

(3) If a partnership scheme requires a local transport authority to take a measure, they must—

(a) take the measure not later than the date specified in the scheme for taking it (subject to the local transport authority postponing its coming into operation under section 3G(1) or 3H(4)).
(b) continue to take the measure for the remainder of the period for which the scheme is in operation.

(4) Subsections (2) and (3) do not apply in relation to any period during which the local transport authority are temporarily unable to provide the facility or, as the case may be, take the measure, due to circumstances beyond their control.

(5) Subsection (2) does not apply in the case of the Scottish Ministers if they are unable to provide the facility because of the variation or revocation of a traffic regulation order.

(6) A local transport authority must secure that—

(a) each review of a partnership plan which is required by the plan is carried out in the manner specified in it;

(b) each review of the operation of a partnership scheme which is required by the scheme is carried out in the manner specified in it, and

(c) each review (whether of a plan or scheme) is completed by the date specified in the plan or scheme as the date for completing that review.

### 3G Postponement of partnership scheme coming into operation

(1) A local transport authority may, if they consider it appropriate, decide to postpone the coming into operation of a partnership scheme or any part of it (such as the date by which a service standard must be met or facility provided) by such period as they think fit.

(2) But the coming into operation of a partnership scheme, or any part of it, must not be postponed by a period or periods which in total exceed 12 months.

(3) To postpone the coming into operation of a partnership scheme or any part of such a scheme, a local transport authority must comply with paragraphs 9 and 10 of schedule A1.

### 3H Variation of a partnership plan or scheme

(1) A local transport authority may vary—

(a) a partnership plan and any related scheme, or

(b) a partnership scheme.

(2) In particular, a partnership plan or scheme may be varied by changing the area to which the plan or scheme relates so that it—

(a) includes the whole of the area of another local transport authority (a "prospective authority"), or

(b) ceases to include any part of the area of the local transport authority which made the plan or scheme.

(3) A partnership scheme may be varied only if the local transport authority (and, if applicable, the prospective authority) are satisfied that—

(a) the scheme, as varied, will contribute to the implementation of—

(i) the policies set out in the partnership plan (or those policies in the plan as proposed to be varied) to which it relates, and
(ii) the local transport authority’s (and, if applicable, the prospective authority’s) relevant general policies, and

(b) the scheme, as varied, will—

(i) bring benefits to persons using local services in the whole or any part of the area of the scheme (as varied) by improving the quality or effectiveness of those services, or

(ii) reduce or limit traffic congestion, noise or air pollution.

(4) A local transport authority may, if they consider it appropriate, decide to postpone the coming into operation of the variation of a partnership scheme or any part of it by such period as they think fit.

(5) But the coming into operation of the variation of a partnership scheme, or any part of it, must not be postponed by a period or periods which in total exceed 12 months.

(6) To—

(a) vary a partnership plan or a partnership scheme (otherwise than in accordance with the scheme itself, under section 3D, or when making a franchising framework), a local transport authority (and any prospective authority) must comply with Part 2 of schedule A1, and

(b) postpone the coming into operation of such a variation, a local transport authority (and any prospective authority) must comply with paragraphs 19 and 20 of that Part.

3I Revocation of a partnership plan or scheme

(1) A local transport authority may—

(a) revoke a partnership plan that relates to the whole or any part of their area,

(b) revoke a partnership scheme relating to such a plan.

(2) A local transport authority may not—

(a) revoke a partnership plan without also revoking all the schemes relating to it, or

(b) revoke all schemes relating to a plan without also revoking the plan.

(3) To revoke a partnership plan or a scheme (otherwise than in accordance with the scheme itself or when making a franchising framework), a local transport authority must comply with Part 3 of schedule A1.

3J Reports on partnership schemes

(1) A local transport authority must, in relation to each partnership scheme made by them, for each successive period of 12 months during which the scheme is in operation, prepare and publish a report on the effectiveness of the scheme.

(2) For the purposes of subsection (1), the first period is to begin on the date on which the scheme, or any part of it, comes into operation.
(3) In preparing a report under subsection (1), the local transport authority must—
   
   (a) consult the traffic commissioner and such other persons as they consider appropriate for the purposes of assessing the effectiveness of the scheme, and
   
   (b) consider any representations made to them (whether as part of the consultation or otherwise) in relation to the effectiveness of the scheme during the period under review.

3K Multi-authority bus services improvement partnerships

(1) Two or more local transport authorities may act jointly to make a partnership plan and scheme (or schemes) under this chapter.

(2) In those circumstances, unless the context otherwise requires, a reference in this chapter (other than this section) to—
   
   (a) a local transport authority, in relation to a partnership plan or a partnership scheme or to a proposed plan or scheme, is a reference to the authorities acting jointly,
   
   (b) the area of a local transport authority is a reference to the combined areas of the authorities,
   
   (c) the relevant general policies of a local transport authority is a reference to the relevant general policies of each local transport authority.

(3) Where two or more local transport authorities act jointly to make a partnership plan or scheme, they must continue to act jointly in relation to the plan or scheme in all respects.

3L Further provision

(1) The Scottish Ministers may by regulations make further provision about—
   
   (a) partnership plans and schemes,
   
   (b) the procedures to be followed to prepare and make, postpone, vary and revoke a plan or scheme (but see also Part 4 of schedule A1 which confers power on the Scottish Ministers in relation to certain expressions used in those procedures),
   
   (c) reviewing and reporting on the operation of a plan and scheme.

(2) Without limit to that generality, regulations under this section may make provision about—
   
   (a) the form and content of a partnership plan or scheme,
   
   (b) descriptions of local services which may or must be exempted from a scheme,
   
   (c) what may constitute a facility or measure,
   
   (d) the conditions that may be specified in a scheme for its variation or revocation,
   
   (e) the form and content of any notice to be given in connection with a plan or scheme.”.

  (b) make provision about determining the proportion of qualifying local services provided by an operator, including provision about the time by reference to which the proportion is to be determined.”.

31 Registration of local services and functions of traffic commissioner

(1) The Transport Act 1985 is amended as follows.

(2) In section 6 (registration of local services)—
  (a) after subsection (2) insert—
    “(2ZA)Where—
    (a) a bus services improvement partnership scheme made under section 3B of the Transport (Scotland) Act 2001 is in operation,
    (b) a service is registered or a registration of a service is varied under this section, and
    (c) a service standard imposed under section 3B(3)(b) of the Transport (Scotland) Act 2001 applies to the service or the service as varied,
    the service standard is to be recorded with the particulars of the service required to be registered under this section.”,

  (b) after subsection (7) insert—
    “(7ZA)Where a bus services improvement partnership scheme made under section 3B of the Transport (Scotland) Act 2001 is in operation, the registration of a service may also be cancelled under section 6L of this Act.”.

(3) After section 6J insert—

“6K Application for registration where service standard has effect

(1) This section applies where—
  (a) a bus services improvement partnership scheme made under section 3B of the Transport (Scotland) Act 2001 is in operation,
  (b) a service standard imposed under section 3B(3)(b) of that Act has effect,
  (c) an application for registration, or for variation of registration, is made under section 6 of this Act in respect of a local service to which that service standard would apply if the application were granted, and
  (d) the application is one which would, but for this section, fall to be accepted.
A traffic commissioner must refuse the application if—

(a) the service standard is an operational service standard, and

(b) the traffic commissioner considers that the person who would be the operator of—

(i) the service proposed to be provided, or

(ii) the service as proposed to be varied,

is unlikely to be able to comply with the service standard as regards that service.

In this section, “operational service standard” is to be construed in accordance with section 3C(1)(b) of the Transport (Scotland) Act 2001.

6L Cancellation of registration when operational service standards not met

(1) This section applies where—

(a) a bus services improvement partnership scheme made under section 3B of the Transport (Scotland) Act 2001 is in operation, and

(b) one or more service standards imposed under section 3B(3)(b) of that Act have effect.

(2) If a traffic commissioner considers that—

(a) an operational service standard imposed by the scheme applies to a service registered under section 6, and

(b) the service is not being provided in accordance with that service standard,

the traffic commissioner may cancel the registration of that service.

In this section, “operational service standard” is to be construed in accordance with section 3C(1)(b) of the Transport (Scotland) Act 2001.

6M Power to make regulations for appeals against service standards decisions

Regulations may make provision for or about appeals relating to any—

(a) decision to record a service standard as a prescribed particular under section 6(2ZA),

(b) refusal of an application by virtue of section 6K(2),

(c) cancellation of the registration of a service by virtue of section 6L(2),

(d) decision to register a service that has a stopping place in the area to which the scheme relates, or

(e) decision not to record a service standard in relation to such a service under section 6(2ZA).”.

Local services franchises

32 Franchising arrangements for local services

(1) The Transport (Scotland) Act 2001 is amended as follows.
(2) For sections 13 to 27 (including the italic heading immediately preceding section 13) substitute—

"CHAPTER 2

LOCAL SERVICES FRANCHISES

Franchising frameworks and franchise agreements

13A Franchising frameworks and franchise agreements

(1) A local transport authority may make a franchising framework covering the whole or any part of their area.

(2) To make a franchising framework a local transport authority must comply with the process set out in section 13C (and the requirements of the sections listed in that section).

(3) A franchising framework is a framework under which—

(a) local services (other than those exempted from the framework by virtue of section 13D(2)) may be provided in the area to which the framework relates only under a franchise agreement, and

(b) the local transport authority determine—

(i) what local services are to be provided in the area to which the framework relates,

(ii) the standards to which the services are to be provided, and

(iii) any additional facilities or services that are to be provided in the area to which the framework relates.

(4) In this Part, "franchise agreement", in relation to a franchising framework, means an agreement under which—

(a) the local transport authority grant to another person the exclusive right to operate the local services to which the agreement relates, and

(b) that person undertakes to provide those services on such terms (including in particular as to frequency, fares and standard of services) as may be specified in the agreement.

(5) A franchise agreement may (but need not) include provision for—

(a) the making of payments by the local transport authority to the person undertaking to provide the local service, or

(b) the making of payments by the person undertaking to provide the service to the authority.

(6) A franchise agreement may include provision requiring one or more of the parties to provide additional facilities or services.

(7) Section 88(1) of the 1985 Act (application to subsidy agreements of section 89 to 92 of that Act) does not apply in relation to franchise agreements.

13B Effects of franchising framework

(1) During any period when a franchising framework is in operation in relation to any local service included in the framework—
(a) sections 6 to 9 of the 1985 Act (registration of local services) do not have effect in relation to the service, and
(b) no such service is to be provided other than under a franchise agreement.

(2) Subsection (3) applies where, in relation to a franchising framework—
(a) a local service is not included in the framework, and
(b) the service is not excluded from the framework (see section 13D(2)(a)).

(3) The local service is not, during the period of operation of the franchising framework, to be provided in the area to which the framework relates.

(4) Subsection (5) applies where, in relation to a franchising framework—
(a) a local service is excluded from the framework, and
(b) conditions are specified as to when the exclusion is to apply (see section 13D(2)(b)).

(5) The specified conditions are to be treated, during the period of operation of the franchising framework, as if they were prescribed particulars of the service concerned registered under section 6 of the 1985 Act.

Process for making franchising frameworks

13C Overview of process

(1) Before making a franchising framework under section 13K, the local transport authority must—
(a) prepare a proposed franchising framework which meets the requirements of section 13D,
(b) prepare an assessment of the proposed framework in accordance with section 13E,
(c) obtain a report from an auditor in accordance with section 13F,
(d) carry out the consultation required under section 13G,
(e) make such modifications under section 13H (if any) as they consider appropriate in light of the consultation and, if they consider that it is required under subsection (3) of that section, repeat the steps in paragraphs (b) to (d) of this section,
(f) obtain approval to make the proposed framework (or the framework as modified) from a panel convened for that purpose by the traffic commissioner under section 13J,
(g) comply with such additional procedural requirements as may be prescribed.

(2) Where the making of a proposed franchising framework has been approved under section 13J, it may be made by the local transport authority under section 13K.

13D Proposed franchising frameworks

(1) A proposed franchising framework must specify—
(a) the area to which the framework relates,
(b) the local services which are to be provided under franchise agreements,

(c) that the framework is, in so far as relating to each local service included in it, to come into operation—

(i) on a date not earlier than 6 months after the day on which the local transport authority who made it enter into a franchise agreement in respect of that service, or

(ii) on such earlier date as the local transport authority may specify,

(d) the period during which it is to remain in operation,

(e) the standards to which services must be provided under franchise agreements.

(2) A proposed franchising framework may—

(a) provide for the exemption of such local services or such descriptions of local services as the framework may specify, and

(b) specify conditions (if any) as to when such exemptions are to apply.

(3) A proposed franchising framework may provide for such other matters as the local transport authority think fit.

(4) If a proposed franchising framework relates to an area to which a partnership scheme also relates, the proposed franchising framework—

(a) must include—

(i) in a case where the partnership scheme relates only to the area to which the proposed franchising framework relates or a part of that area, provision revoking the partnership scheme, or

(ii) in any other case, provision varying the partnership scheme so that it ceases to relate to any part of the area to which the proposed franchising framework relates, and

(b) may include provision varying the partnership plan or, if appropriate, revoking the plan.

13E Assessment of proposed franchising framework

(1) A local transport authority which propose to make a franchising framework covering the whole or any part of their area must prepare an assessment of the proposed framework.

(2) The assessment must—

(a) set out how, and to what extent, the local transport authority consider the making of the proposed framework will contribute to the implementation of their relevant general policies,

(b) compare the making of the proposed framework to one or more other courses of action available to them to implement those policies,

(c) describe the expected effect of the proposed framework on any areas which are adjacent to the area of the framework,

(d) set out—

(i) how they intend to operate the proposed framework, and
(ii) the extent to which they consider that they will be able to secure that local services are operated under franchise agreements,

(e) set out their analysis of the financial implications for them of making the proposed framework,

(f) set out how they propose to review the effectiveness of the proposed framework once it is made.

(3) The assessment may include such other matters as the local transport authority think fit.

(4) In preparing an assessment under this section, a local transport authority must seek views about the proposed franchising framework from operators who, at the time of the assessment being prepared, are providing local services in the area to which the proposed framework relates.

(5) The Scottish Ministers must issue guidance in relation to the preparation of an assessment under this section, and that guidance may, in particular, include guidance about methods to be used when assessing a proposed framework.

13F Audit of proposed franchising framework

(1) This section applies if, after preparing an assessment of a proposed franchising framework under section 13E, a local transport authority wish to proceed with the proposed framework.

(2) The local transport authority must obtain a report from an auditor on the analysis of the financial implications contained in the assessment.

(3) The auditor’s report must state whether, in the opinion of the auditor—

(a) the information relied on by the local transport authority in conducting the analysis is of sufficient quality,

(b) the analysis of that information is of sufficient quality, and

(c) the local transport authority have had regard to the guidance issued under section 13E(5) in preparing the analysis.

(4) An auditor must, when preparing a report under this section, have regard to any guidance issued by the Scottish Ministers in relation to the preparation of such reports.

(5) In this section, “auditor” means a person who is eligible to be appointed as a statutory auditor under section 1211 of the Companies Act 2006.

13G Consultation on proposed franchising framework

(1) This section applies if, after obtaining an auditor’s report under section 13F, a local transport authority wish to proceed with the proposed franchising framework.

(2) The local transport authority must give notice of their intention to make the proposed franchising framework in such manner as they consider appropriate for bringing the notice to the attention of persons in their area.
(3) The notice referred to in subsection (2) must—

(a) describe the proposed franchising framework, including, in particular, the area to which it would relate, and

(b) include a statement that the local transport authority consider that the proposed framework will contribute to the implementation of their relevant general policies, and

(c) state where copies of the consultation documents listed in subsection (5) may be viewed.

(4) After giving notice of the proposed franchising framework, the local transport authority must consult—

(a) all operators of local services in the area to which the proposed framework relates,

(b) any other person holding a PSV operator’s licence or community bus permit who, in the opinion of the authority, is likely to be affected by the proposed framework,

(c) such organisations appearing to the authority to be representative of employees of such operators as they think fit,

13H Modification of proposed franchising framework

(1) This section applies where, following consultation under section 13G, a local transport authority consider it appropriate to modify the proposed franchising framework.

(2) The local transport authority may make such modifications to the proposed franchising framework as they consider appropriate.
(3) If the local transport authority consider that the modifications materially affect any part of the assessment prepared under section 13E that relates to a matter set out in subsection (2) of that section, they must prepare a new assessment of the proposed framework as modified.

(4) Sections 13E to 13G apply to any new assessment of the proposed framework as modified as they apply to the original proposed framework.

(5) The Scottish Ministers must issue guidance in relation to the circumstances in which a local transport authority must prepare a new assessment of a proposed framework.

13I Application for approval of the proposed franchising framework

(1) This section applies where, following a consultation under section 13G, a local transport authority—

(a) either—

(i) do not make any modifications to the proposed franchising framework, or

13J Approval of proposed franchising frameworks

(1) This section applies where the traffic commissioner has received a request to convene a panel under section 13I(2)(a).
(2) The traffic commissioner must—

(a) give notice of the local transport authority seeking approval for the proposed franchising framework in such manner as the commissioner considers appropriate for bringing the notice to the attention of persons in the area of the authority,

(b) appoint three persons to form a panel to decide whether or not to approve the making of the proposed framework,

(2) The local transport authority may, not later than 6 months after the date of the approval, make the franchising framework.

(3) Not later than 14 days after the date on which a franchising framework is made, the local transport authority must—

(5) A franchising framework is, in so far as relating to a local service included in it, to come into operation—

(a) in a case where the framework specifies the date on which it is to come into operation in respect of that service, on the date so specified, and

(b) subject to section 13M, in a case where no date is specified in the framework, on such date as is specified in or determined under the franchise agreement entered into in respect of the service.

13L. Entering into franchise agreements

(6) For the purpose of subsection (3)(a), “unconditional”, in relation to a PSV operator’s licence, means a licence which does not have attached to it a condition imposed under section 26 of the 1985 Act prohibiting or having the effect of prohibiting the holder from using vehicles under the licence to provide the service or services to which the franchising agreement in question relates.

**Postponement, variation and revocation of franchise frameworks**

**13M Postponing commencement of franchising frameworks or variations**

(1) A local transport authority may, if they consider it appropriate, decide to postpone the date on which—

(a) a franchising framework, or

(b) the variation of a franchising framework,

would, in so far as relating to a local service in it, come into operation by virtue of section 13K(5)(b) by such period as they think fit.

(2) But the date on which a framework or variation comes into operation under subsection (1) must not be postponed by a period or periods which in total exceed 12 months.

(3) Before postponing the date on which a framework or variation comes into operation under subsection (1), a local transport authority must consult all operators of local services who are, in the opinion of the local transport authority, likely to be affected by the postponement.

(3) An application under subsection (2)(b) must—

(a) state the local transport authority’s reasons for wishing to vary or revoke the framework,

(b) set out how, and to what extent, the local transport authority consider the variation or revocation will contribute to the implementation of their relevant general policies,

(c) in the case of a proposal to vary the framework—

(i) set out how it is proposed to vary the framework,

(ii) describe the expected effect that varying the framework will have on the matters set out in the assessment (or, if more than one, the most recent assessment) of the framework prepared under section 13E, and

(iii) if a new assessment is not being prepared, state that the local transport authority do not consider it necessary to prepare a new assessment of the framework as it is proposed to be varied,

(d) include any other information that the local transport authority think will assist the panel convened under section 13O in deciding whether or not to approve the proposed variation or revocation.

(4) If a local transport authority consider that the proposed variation will materially affect any part of the assessment (or, as the case may be, the most recent assessment) prepared under section 13E that relates to a matter set out in subsection (2) of that section, they must prepare a new assessment of the proposed framework as varied.

(5) Where a local transport authority consider under subsection (4) that they are required to prepare a new assessment—

(a) sections 13E to 13H apply to the framework as it is proposed to be varied as they apply to a proposed franchising framework, and

(b) the local transport authority must, as part of the application under subsection (2)(b), provide to the traffic commissioner—

(i) the new assessment,

(ii) the report of the auditor on the new assessment,

(iii) a summary of the responses received to the consultation carried out under section 13G in respect of the new assessment and any action (other than a modification under section 13H) that was taken to address the responses, and

(iv) a description and explanation of any modifications made to the framework as it is proposed to be varied under section 13H.

13O Approval to vary or revoke franchising frameworks

(d) provide the panel with any representations made to the commissioner in connection with the application.

(3) A notice given under subsection (2)(a) must state—

(a) that representations may be made to the traffic commissioner in relation to the proposed variation or revocation, and

(b) the period within which such representations may be made.

(4) Where the application is to vary the framework, the panel may decide—

(a) to approve the proposed variation,

(b) to approve the proposed variation of the framework subject to the local transport authority making such modifications to the framework as it is proposed to be varied as the panel may specify, or

(c) not to approve the proposed variation.

(5) Where the application is to revoke the framework, the panel may decide—

(a) to approve the revocation,

(b) to approve the revocation subject to the local transport authority taking such further action before revoking the framework as the panel may specify in its decision, or

(c) not to approve the revocation.

(6) In making its decision under subsection (4) or, as the case may be (5), the panel must consider whether the local transport authority have reached a reasonable conclusion in deciding to vary or revoke the framework.

(7) Where the panel has approved the variation or revocation of a framework, section 13K applies to that variation or revocation as it applies to the making of a framework.

13P Reports on franchising frameworks

(1) A local transport authority must, in relation to each franchising framework made by them, for each successive period of 12 months during which the framework is in operation, prepare and publish a report on the effectiveness of the framework.

(2) For the purposes of subsection (1), the first period is to begin on the date on which local services start to be provided under a franchise agreement entered into under the framework.
(3) In preparing a report under subsection (1), the local transport authority must—

(a) consult such persons as they consider appropriate for the purpose of assessing the effectiveness of the framework, and

(b) consider any representations made to them (whether as part of the consultation or otherwise) in relation to the effectiveness of the framework during the period under review.

13Q Non-implementation of franchising frameworks

(1) A franchising framework is to cease to have effect on the date which falls at the end of the period of 12 months beginning with the day on which the framework was made unless—

(a) the local transport authority which made the framework have entered into a franchise agreement in respect of each local service included in the framework, or

(b) subsection (3) applies.

(2) Subsection (3) applies where—

(a) within the period specified in subsection (1), the local transport authority—

(i) have failed to enter into a franchise agreement in respect of each local service included in the framework, and

(ii) have provided the traffic commissioner with an application for approval to vary the framework, and

(b) after the end of that period—

(i) the panel convened under section 13O to consider that application refuses to approve the proposed variation, or

(ii) the panel so convened has approved the proposed variation but the local transport authority have not varied the framework within the period specified in section 13K(2) (as applied by section 13O(7)).

(3) The franchising framework is to cease to have effect—

(a) on the date that the panel refuse to approve the variation, or

(b) as the case may be, on the date which falls at the end of the period of 6 months after the date of approval.

(4) The Scottish Ministers may by regulations amend subsections (1) and (3) so as to provide for a different period from those for the time being specified in those subsections.

13R Multi-authority franchising

(1) Two or more local transport authorities may act jointly to make a franchising framework and franchising agreement (or agreements) under this chapter.
(2) In those circumstances, unless the context otherwise requires, a reference in this chapter (other than this section) to—

(a) a local transport authority, in relation to a franchising framework or a franchising agreement or to a proposed framework or agreement, is a reference to the authorities acting jointly,

(b) the area of a local transport authority is a reference to the combined areas of the authorities,

(c) the relevant general policies of a local transport authority is a reference to the relevant general policies of each local transport authority.

(3) Where two or more local transport authorities act jointly to make a franchising framework or agreement, they must continue to act jointly in relation to the framework or agreement in all respects.

13S Further provision about franchising arrangements

(1) The Scottish Ministers may by regulations make further provision for or in connection with the provisions of this chapter.

(2) The regulations may, in particular, make provision with respect to—

(a) the process to be followed when making, varying or revoking a franchising framework, including—

(i) the form and content of any notice, statement, report, document or application required in connection with the process,

(ii) prescribing time periods for carrying out aspects of the process,

(iii) the assessment and audit of proposed franchising frameworks,

(iv) the consultation processes to be followed,

(v) the holding of inquiries or hearings in connection with objections or representations,

(iii) the process to be followed by the panel in making decisions.

(3) The regulations may also make transitional provision in connection with—

(a) the coming into operation of franchising frameworks,

(b) the variation of frameworks, and

(c) the ending of frameworks (whether or not as a result of their revocation).
(4) In particular, regulations in pursuance of subsection (3) may provide for the application, disapplication or modification of the effect of any provision of section 6 to 9 of the 1985 Act in such circumstances as may be prescribed.

(5) In this chapter, “prescribed” means prescribed by regulations made under this section.”.

Information relating to services

33 Provision of service information when varying or cancelling registration

(1) After section 6 of the Transport Act 1985 Act insert—

“Provision of service information in Scotland

6ZA Provision of service information when varying or cancelling registration

(1) This section applies where an operator of a local service registered under section 6 notifies an affected authority in accordance with regulations under that section that the operator proposes to make an application to vary or cancel the registration.

(2) The affected authority may, within such period as may be prescribed, require the operator to provide them with such information relating to the local service as may be prescribed.

(3) The information that may be prescribed is information relating to—
