Dear Graham,

Definition of the term Gypsies and Travellers

Many thanks for your letter of 5 April 2019 regarding the definition of the term Gypsy/Traveller.

This is a complex issue because of the diversity of communities covered, with different groups speaking a range of languages, each with their own customs and traditions.

As you note, the Scottish Government does not currently have a definition of Gypsy/Travellers set out in legislation, but for policy purposes we use the following:

The term ‘Gypsy/Travellers’ refers to distinct groups – such as Roma, Romany Gypsies, Scottish and Irish Travellers – who consider the travelling lifestyle part of their ethnic identity.

I am not aware of any particular difficulties caused by the lack of a legal definition, and think it would be difficult to create a definition which would cover all of the communities and their current and future needs. For that reason, we have no plans to create a free-standing, overarching definition of Gypsies and Travellers. We will of course keep this position under review.

Please let me know if it would be helpful to discuss this further.

Yours,
