Dear Derek

### **BiFab roundtable**

Given the correspondence in March from the First Minister and the unions on BiFab – both letters encouraging parliamentary scrutiny – and the wider issues around the renewables sector and the supply chain in Scotland, as discussed at our roundtable evidence session last week (and the key issues from which we have already highlighted to you in a letter of 26 April), we were disappointed to learn a representative of the Committee is not being invited to attend Thursday's summit.

While the Committee appreciates your offer to come and speak to us at a future date about the event and its outcomes, we believe the cross-party consensus in support of the growth of the sector – and in the value of creating renewables jobs in Scotland – is important.

We would be grateful, therefore, if you could share with us your thinking behind this decision.

Kind regards

Gordon Lindhurst MSP  
Convener
