Dear Graham

Re: Environment, Climate Change and Land Reform Committee – Environmental Implications for Scotland of the UK’s decision to leave the EU

Thank you for your letter of 12 March about the work that your Committee has been undertaking on the environmental implications for Scotland of the UK’s decision to leave the EU. It was really useful to receive this information and to be kept up to date on your Committee’s work in this area.

You also asked for an update on my Committee’s work on the EU Withdrawal Bill and the development of common frameworks.

The Committee took oral evidence on the EU Withdrawal Bill, and its implications for devolution, on 11 October 2017 where we heard from lawyers, academics and UK and Scottish Government Ministers. A transcript of which is available online.

On behalf of the Committee, thank you for your letter – this kind of intelligence sharing between Westminster and Holyrood Committees is extremely useful.

Yours sincerely

Pete Wishart MP
