Who we are

We are the **Health and Sport Committee** of the **Scottish Parliament**.

We are a small group of people who are **Members of the Scottish Parliament**. We meet to talk about the health of people in Scotland.

The Scottish people decide who is a **Member of the Scottish Parliament** by voting for them in elections.

The **Scottish Parliament** makes the laws in Scotland. It speaks out for the people of Scotland.

What this booklet is about

This booklet is about **social care** in Scotland.

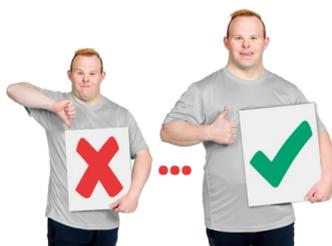

Social care means help with activities like

- Getting dressed
- Washing
- Taking medicines
- Preparing food
- Travel
- Taking part in social activities.

If you are cared for, or if you care for someone, we want to know what you think about social care.

What you tell us is important. It will help make social care in Scotland better in the future.

What we want you to tell us

Here are some of the things we want you to tell us. You don't have to tell us about all of them.

We want to know

- What care you get and what this has been like for you
- What care you give and what this has been like for you
- What changes you think would make social care better for you
- What changes you think would make social care better for everyone
- How much you want to help plan your care.

We want you to tell us by **Thursday 20 February 2020.**

We will think about what you tell us. We will tell the **Scottish Government** so they can make better decisions about social care. The **Scottish Government** decide how to run the country.
