

**HEALTH AND SPORT COMMITTEE**

**HUMAN TISSUE (AUTHORISATION) (SCOTLAND) BILL**

**SUBMISSION FROM SHEILA MURRAY**

It distresses me greatly that the Scottish Government is taking such a high-handed stance on this issue.

If I wished my organs to be donated I am perfectly capable of expressing my wish to do so. That the Government intends to take this personal responsibility out of my hands is personally very distasteful and therefore I totally disagree with this policy.
