Update on ICT Submission

Further to the previous submission, I am happy to be able to update the committee that we have made significant progress on developing our ICT Strategy and associated planning.

Specifically we provided a detailed update to the SPA Board on 31 May describing the ICT Strategy, a Strategic Outline Business Case (SOBC) and an outline draft delivery plan.

The SPA Board considered the above and have endorsed the direction of travel we have outlined as how we intend to progress with developing and implementing the ICT strategy.

For your information, the following documents can be accessed by the link below:

A. SPA Board Paper 31/5/18 Digital, Data and ICT Strategy  
B. Data, Digital & ICT Strategy  
C. Strategic Outline Business Case (SOBC)  
D. Delivery Plan
