Consultation of the Scottish Parliament on the Scottish Government's Revised National Outcomes

Submission from Inclusion Scotland

Much though we consider these changes to be important I'm afraid that with limited policy resources available (due to annual leave, meetings with Government, etc.) and several consultation deadlines pending we will be unable to get anything together for you prior to the deadline of the 11th.

However we support the adoption of all three of the new Outcomes as they are in line with the Child Poverty Act and other existing Scottish Government commitments to reduce poverty and inequality.

Many apologies for the brevity of our response.
