

Local Government and Communities Committee

**Consultation of the Scottish Parliament on the Scottish Government's Revised
National Outcomes**

Submission from Jim Anderson

A Scotland that includes honesty, openness and integrity as the basis of its existence covering not only the political scene but main stream media, "big business" and public services. Most importantly, until honesty is at the core of Scotland's day to day activity Scotland will not prosper and will eventually wither just as all other corrupt regimes - one only has to look down south!
