

Wednesday 3 October 2018

FAO: Rural Economy & Connectivity Committee

Please find enclosed our Get Glasgow Moving petition signed by 10,184 people demanding a world-class, fully-integrated & accessible, publicly-owned, public transport network for *everyone* in our city.

Please also find enclosed the following documents which elaborate on our vision for Glasgow and outline what must be considered and amended in the current Transport Bill to enable us to deliver it:

- 1) Get Glasgow Moving campaign manifesto (December 2016)
- 2) Our responses to Transport Scotland's consultations (November 2017)
- 3) Our response to the REC Committee's consultation (September 2018)

We look forward to receiving your formal response to the petition and to seeing the Transport Bill amended so that it will truly meet Glasgow's needs.

Ellie Harrison
