

Public Service Reform Committee
Thursday 18 June 2026
1st Meeting, 2026 (Session 7)

Choice of Deputy Convener

Purpose

1. This paper explains the procedure for choosing a Deputy Convener at the Committee's first meeting.

Procedure

2. The Parliament has specified (in motion [S6M-00269](#), agreed on 4 June 2026) that only members of the Scottish National Party are eligible to be chosen as Deputy Convener.
3. The Convener will invite nominations for the Deputy Convener. Eligible members may nominate themselves or be nominated by another member. Nominations do not need to be submitted in advance of the meeting, be made in writing or be seconded.
4. If there is only one nomination, Committee members will be invited to choose the nominee as Deputy Convener. If there is more than one nomination, it may be necessary for the Committee to choose a Deputy Convener by division. This requires the question to be put on each nominee in turn, with members voting for, against, or to abstain. As soon as a nominee secures a simple majority (more votes for than against), that nominee is chosen as Deputy Convener.
